- **What Department or bureau is Bill originating from? Where did the initiative for the bill originate?**

Community and Economic Development - Health Bureau

- **Summary and Facts of the Bill**

The bill seeks to repeal Ordinance 12984 of 1990, codified article 1160, Licensing and Regulation of Cigarette Vending Machines. Revenues from licensing have drastically reduced and do not cover the cost of administration. There is no longer a significant public health benefit to regulating the few remaining cigarette vending machines.

- **Purpose – Please include the following in your explanation:**
 - **What does the Bill do – what are the specific goals/tasks the bill seek to accomplish**
 - **What are the Benefits of doing this/Down-side of doing this**
 - **How does this Bill related to the City's Vision/Mission/Priorities**

The Bill repeals Ordinance 12984 Licensing and Regulation of Cigarette Machines.

During the 1990's, there were many cigarette vending machines located in numerous public places where unaccompanied minors had access to cigarettes. While the Ordinance fulfilled a preventative public health purpose at the time, currently there are only a handful of cigarette machines in private clubs that restrict access. There has been a 90% reduction in revenue from its peak. Currently, annual revenues average \$300. This does not cover the cost of administering the licensing and inspection of cigarette vending machines.

Additionally, when the City moves from Eden Licensing to Energov (both Tyler products), slated for 2022, the General Fund would assume development costs for the licensing process to be housed in a new software that will exceed the annual revenues.

- **Financial Impact – Please include the following in your explanation:**
 - **Cost (Initial and ongoing)**
 - **Benefits (initial and ongoing)**

Cost: Loss of \$300 annual revenues.

Benefits: Savings from reduced administrative expenses and future software development costs. These savings are projected to be greater than the loss of revenues.

- **Funding Sources – Please include the following in your explanation:**
 - **If transferring funds, please make sure bill gives specific accounts; if appropriating funds from a grant list the agency awarding the grant.**

None

- **Priority status/Deadlines, if any**

The repeal should be effective upon passage of the bill.

- **Why should Council unanimously support this bill?**

The licensing of cigarette vending machines no longer has a public health benefit, as nearly all machines have been removed, with a small number remaining in private establishments. Revenues do not cover the current cost of administration and future cost of EnerGov software development.
