CAPITAL PROJECTS EXPENDITURE SUMMARY**

<u>PROJECT #</u>	<u>PROJECT NAME</u>	<u>ADDITIONAL AND/OR NEW REQUESTS</u>	<u>SOURCE OF FUNDING</u>
<u>NEW OR ADDITIONAL FUNDING:</u>			
1232	Gordon Street Bridge Replacement	234,300	C
		1,249,600	F
1248	Sacred Heart Area Improvements	300,000	C
1731	Curb and Sidewalk Construction	800,000	X
2000	Traffic Signal Adaptive System	2,070,000	C
2006	American Parkway Lighting	232,000	C
2019	LVPC-LVTS Traffic Projects	8,050,000	C
2020	Pedestrian Street Light Design	700,000	C
Total New or Additional Funding		13,635,900	

TOTAL BY SOURCE OF FINANCING:

C - State	GF - General Fund
D - Solid Waste Fund	L - Lehigh County
E - Sewer Revenue Bond	R - Water Revenue Bond
F - Federal	S - Sewer Fund
G - G.O. Bond	T - Trexler Fund
P - Pennvest Loan	W - Water Fund
	X - Other Non-City

1232 - Gordon Street Bridge Replacement

Year	2015
Bureau #	702
Project #	1232
Department Name	Public Works
Capital Needs Group	Infrastructure
Project Description	Reconstruct the Gordon Street Bridge. This project has already been funded by the City.
Project Justification and Needs Met	The Gordon Street Bridge is an 1890's era bridge that is load posted for a maximum load of 8 Tons . The bridge is structurally deficient.
Project Location	Gordon Street just west of the American Parkway.
Project Status	PennDOT has committed to fund. A reimbursement agreement has been executed between PennDOT and the City. Project has been bid and a contract executed. Work will commence in 2016 and extend into 2017. 2016 and 2017 expenditures shown in 2017.
Project Rank	1
Project Type	Capital Project
Project Category	Standalone
Time Estimate for Planning through Bidding	24
Time Estimates for Construction	24
Useful Life	75
Approved Multiyear Plan	LVTS - TIP program
Project Manager	

- Geosits, Mark
- Assistant City Engineer, Engineering

Dept Director Messinger, Craig

1248 - Sacred Heart Area Improvements

Year	2016
Bureau #	702
Project #	1248
Department Name	Public Works
Capital Needs Group	Infrastructure
Project Description	New LED pedestrian lighting, new trees, new ADA ramps from 5th to 7th Street along Chew Street near Sacred Heart Hospital.
Project Justification and Needs Met	Project is for safety enhancement through additional pedestrian lighting along the Chew Street corridor from 7th to Sacred Heart Hospital. Trees will enhance aesthetics of this area. ADA ramps will meet the FHWA mandate for installing ramps in accordance with the Americans with Disabilities Act.
Project Location	This new project is along Chew Street from 5th Street to 7th Street.
Project Status	\$300K DCED funding has been acquired for City to design, bid, construct the project. Sacred Heart has contributed \$75K, City has contributed \$100K for a total of \$475K. City is currently bidding the project. Construction anticipated next year.
Project Rank	1
Project Type	Capital Project
Project Category	Ongoing, Standalone
Time Estimate for Planning through Bidding	2
Time Estimates for Construction	12
Useful Life	50
Approved Multiyear Plan	
Project Manager	• <u>Geosits, Mark</u> • Assistant City Engineer, Engineering

1731 - Curb and Sidewalk Program

Year	2017
Bureau #	702
Project #	1731
Department Name	Public Works
Capital Needs Group	Infrastructure
Project Description	Install curb, sidewalk, crossovers, and handicap ramps required on our street paving projects (expenditures are reimbursed from property owners).
Project Justification and Needs Met	To allow the City to eliminate hazardous conditions related to curb and sidewalk, in addition to installing ADA handicap ramps making the public right-of-way safe for pedestrian traffic.
Project Location	Various streets throughout the City limits associated with the annual street program.
Project Status	This is an ongoing annual project associated with the Streets Improvements Program. New funding being requested for the 2017 Program.
Project Rank	1

2000 - Traffic Signal Adaptive System

Year	2017
Bureau #	807
Project #	2000
Department Name	Department of Public Works
Capital Needs Group	Infrastructure
Project Description	Installation of cameras, controllers, gps system, fiber-optics/radio communications for adaptive system implementation
Project Justification and Needs Met	Upgrade existing signalized intersections to provide for efficient vehicular and pedestrian flow in the Downtown area. The signal system will include the addition of traffic adaptive equipment and allow for the monitoring of traffic conditions on a 24-hour basis through the Traffic Management Center within the City's Public Works Department. Improvements will consist of upgrading the traffic signal controller assemblies, installation of controller unit, installation of wireless broadband radio system and/or fiber-optic communication, and installation of video traffic management system cameras. Lastly, GPS units will be installed to provide for emergency pre-emption at each intersection for safety purposes.
Project Location	various signalized intersections throughout the city 2017 extending the existing system in the downtown area
Project Status	on-going
Project Rank	1
Project Type	Capital Project
Project Category	Ongoing
Time Estimate for Planning through Bidding	6
Time Estimates for Construction	12
Useful Life	20
Project Manager	• <u>Varughese, Nelson</u> • Traffic Control Superintendent, Traffic Planning & Control

2006 - American Parkway Lighting

Year	2017
Bureau #	807
Project #	2006
Department Name	Public Works
Capital Needs Group	Infrastructure
Project Description	There currently is no street lighting on this stretch of roadway. The program will also retrofit the lighting on the American Parkway Bridge. This project conforms with City's LED St Lighting project which will upgrade all City Street level lighting from the current yellow sodium vapor lighting to a more natural color white light. This funding will be a match to a PennDOT multi-modal grant.
Project Justification and Needs Met	Provide lighting on this gateway stretch of road. Currently there is no lighting on this stretch of road.
Project Location	American Parkway from Airport Road to Union Street. First phase= Union to Gordon
Project Status	design
Project Rank	1
Project Type	Capital Project
Project Category	Ongoing
Time Estimate for Planning through Bidding	6
Time Estimates for Construction	12
Useful Life	30
Approved Multiyear Plan	
Project Manager	• <u>Varughese, Nelson</u> • Traffic Control Superintendent, Traffic Planning & Control

2019 - LVPC-LVTS Traffic Projects

Year	2017
Bureau #	807
Project #	2019
Department Name	Public Works
Capital Needs Group	Infrastructure
Project Description	2017 Tilghman Street Traffic S Signal & Safety Improvements 2018 S. 4th Street Traffic Signal & Safety Improvements 2019 American Parkway Traffic Signal & Safety Improvements 2020 Front & Hamilton Streets Intersection Improvement 2021 S. Jefferson Street Roundabout Traffic Calming
Project Justification and Needs Met	Projects are to make signal and safety improvements and promote traffic calming measures
Project Location	As noted above
Project Status	As part of the Lehigh Valley Transportation Study (LVTS), the City submitted a list of projects to the Commission. These projects have been selected by LVTS to be funded. No funding has yet been set by LVTS. City's funding portion is being requested.
Project Rank	1
