FINDINGS AND RESOLUTIONS

1. Invoices Overpaid

We identified 4 (four) invoices which were overpaid as follows:

- BUILDING MAINTENANCE - \$6,784.96 was processed for payment but the detail scanned in EDEN was for \$226.96 a difference of \$6,558.00.
- HUMAN RESOURCES (HR) - \$1,039.90 was processed for payment but the detail scanned in EDEN was for \$8.95 a difference of \$1,030.95.

Upon inquiry it was discovered that although the invoices had gone thru the approval queues in EDEN, the amounts paid did not agree to the documentation in EDEN and were not correct. The documented amounts should have been paid.

- IT: \$2,673.74 was processed for payment but the amount due was \$6,668.59 a difference of \$5.15.

The difference was due to an outstanding balance which had been previously paid.

- TRAFFIC PLANNING - \$191.39 was processed for payment but the amount due was \$188.39 a difference of \$3.00.

The difference appears to be a mistake in addition.

Resolution

All Bureaus were advised of the issues.

BUILDING MAINTENANCE: The check for \$6,784.96 was voided and reissued for the correct amount.

HR: The check for \$1,039.90 was voided and reissued for the correct amount.

IT: Due to the cost of voiding and reissuing the check, the check for \$2,673.74 was released. The difference will be deducted on the next invoice.

TRAFFIC PLANNING: Due to the cost of voiding and reissuing the check, the check for \$191.39 was released. The difference will be deducted on the next invoice.

2. Duplicate Payment

We identified 1 (one) REVENUE & AUDIT payment for \$925.58 which did not include any documentation.

Once the documentation was received and reviewed, it was noted that although the invoice was dated 10/2020 it was entered in EDEN as 02/19/2021. Further review by REVENUE & AUDIT revealed the invoice was a payment of a previously paid invoice.

Resolution

The invoice was voided.

3. Open Invoices

Invoices must be entered in EDEN, go thru the EDEN approval queue and finalized in EDEN for the expense to be posted in the General Ledger. For Invoices “Paid by Check”, the payment is not made until this process is finalized in EDEN and a check is generated. Once finalized, the expense is automatically posted to the General Ledger.

Although there is no City standard for the invoice approval queue process, the Controller’s Office uses a 3-week measure to flag any Open Invoices.

We reviewed the open invoices as of 03/01/2021 and identified:

- 1 (one) HR invoice totaling **\$5,421.59** which was in “rejected” status. Per the notes in EDEN, the invoice was paid from payroll deductions and no check was needed.
- 3 (three) HR invoices totaling **\$819.85** which were in “returned” status. Per the notes in EDEN, 2 (two) invoices needed a Purchase Order (PO) and 1(one) was a P-Card transaction.
- 1 (one) RECREATION invoice totaling **\$3,345.00** which were in “returned” status since 01/25/2021. Per the notes in EDEN, the invoices needed 2021 PO or processed as a P-Card transaction.
- 1 (one) SPECIAL EVENTS invoice totaling **\$374.40** which was in “open” status since 12/18/2020. The invoice had not gone thru the approval queue.
- 2 (two) HEALTH invoices totaling **\$70.00** which were in “returned” status since 01/14/2021. Per the notes in EDEN, the invoices needed 2021 blanket PO.

Resolution

All Bureaus were advised of the issues:

HR - At the time of the issuance of this report the issues remained open and no response had been received from HR.

RECREATION – RECREATION is entering the information to issue a PO and process the invoice for payment. The original DocRec was voided.

SPECIAL EVENTS – the invoice was ultimately rejected and paid with a P-Card.

HEALTH – The invoices were returned to wait for the PO and were then processed under another DocRec #. The 2 (two) ‘original’ documents were deleted.

4. Missed Discount

We identified 1 (one) invoice with a vendor who offered a discount of 3%, **\$25.20**, if the invoice was paid by March 25, 2021. The invoice was paid in February 2021, but the discount was not taken.

Resolution

AP was advised of the missed discount and the check was voided and reissued less the discount.

5. Late Fee Paid

We identified 1 (one) IT check which included a late payment fee of **\$15.00**. The invoice was not entered timely resulting in a late fee.

Resolution

IT was advised of the issue and the check was released.

6. Incorrect Expense Account Used

To insure accurate financial reporting, expenses should be recorded in the proper expense account. We identified 2 (two) invoices charged to the incorrect expense account as follows:

- HR charged **\$750.00** for “CONSULTING FEES -- CALLS WITH CLIENTS” to AC 50 – Other Services & Charges. The expense should be charged and is budgeted to AC 46 – Other Contract Services.
- BUILDING MAINTENANCE charged **\$48.24** for “NAME PLATES” to AC 42 – Repair & Maintenance. The expense should be charged to AC 68 – Operating Material & Supplies.

Resolution

HR: At the time of the issuance of this report no response had been received from HR. Due to the lack of response from HR it is unclear if or how this will be corrected.

BUILDING MAINTENANCE: BUILDING MAINTENANCE will submit a journal entry change and enter a requisition to correct the account number on the blanket. A journal entry correction was submitted to Treasury for correction.

7. Untimely Payment of Invoices

Although not all vendors have the same payment terms, the prevailing vendor payment terms is net 30.

Currently, the City does not have a standard for the time frame invoices must be entered in EDEN, go thru the EDEN approval queue and finalized for payment.

Although there is no City standard for the invoice payment process, the Controller’s Office uses a 60-day measure to flag any potential untimely invoice payments.

Untimely payments may result in:

- Missed discounts,
- Vendor imposed late fees,
- Possibility of the City's account being placed on hold, and
- Additional workload with the vendor's Accounts Receivable and the City's AP departments.

We identified:

- 2 (two) checks for 2 (two) HEALTH invoice dated 03/2020 and 12/2020,
- 2 (two) checks for 3 (three) BUILDING MAINTENANCE invoice dated 11/2019 and 12/2020,
- 2 (two) checks for 2 (two) SPECIAL EVENTS invoices dated 07/2020 and 11/2020,
- 4 (four) checks for 5 (five) COMMUNITY & ECONOMIC DEVELOPMENT (CED) invoices dated 08/2020, 09/2020, 10/2020, and 12/2020,
- 2 (two) checks for 3 (three) TRAFFIC PLANNING invoices dated 09/2020, 10/2020 and 11/2020,
- 1 (one) check for 1 (one) PARKS invoice dated 10/2020,
- 2 (two) checks for 2 (two) STREETS invoices dated 11/2020,
- 2 (two) checks for 2 (two) IT invoices dated 11/2020,
- 3 (three) checks for 3 (three) FINANCE invoices dated 11/2020 and 12/2020,
- 1 (one) check for 1 (one) FIRE invoice dated 12/2020, and
- 1 (one) check for 1 (one) POLICE COMMUNICATION invoice dated 12/2020.

Resolution

All Bureaus were advised of the issues and the checks were released.

HEALTH –

- 03/2020 Invoice: HEALTH did not receive all the items until December. Until the final item was entered as received in EDEN, the invoice was not processed.
- 12/2020 Invoice: Invoice was delayed due to the vendor.

BUILDING MAINTENANCE –

- 11/2019 and 12/2020 Invoices: The invoices were received on 01/27/2021 with no record of ever having received them in 2019. The vendor has a new system that generates invoices, and this is how this was caught.

SPECIAL EVENTS –

- 07/2020 Invoice: Since mid-October 2020 City personnel has been reaching out to the vendor for a final invoice. The vendor kept stating there were no past due invoices. AP just received the past due invoice on 02/10/2021.
- 11/2020 Invoice: A Change Order with the PO was requested. There was an issue in Eden that did not get it processed as quickly as required. Once SPECIAL EVENTS realized the Vendor still had not been paid, the step was retraced and rectified the issue.

CED –

- 08/2020 Invoice: The invoice was entered in EDEN and approved in 08/2020. It then went through electronic pay on the same date but somehow it never processed. This was

not discovered until the 2020 Requisition was being closed. The vendor was contacted to see if they got paid and their response was no. Since the invoice was entered in 08/2020, AP helped put it through again so the vendor could get paid.

- 09/2020 and 10/2020 Invoices: AP received the invoices on Jan 21, 2021. They were paid as soon as they were received.
- 09/2020 Invoice: The vendor kept stating there were no past due invoices. Then AP just received the invoice on 02/10/2021.
- 12/2020 Invoice: This was not installed until the morning of February 12th. Therefore, the delay in payment

TRAFFIC PLANNING –

- 09/2020 Invoice: AP didn't receive the invoice until recently.
- 10/2020 and 11/2020 Invoices: The receiving was implemented correctly. When researching an invoice, AP was having issues. AP reached out to the vendor and received all past due invoices.

PARKS - There were several issues that caused the delay. The invoice wasn't received until after the new year. PARKS then had to wait for the PO's to rollover which didn't happen until 2/10. Then PARKS had to wait for the capital accounts to be carried over from 2020 to 2021, which didn't happen until February 2021. Once all of that was straightened out, it was processed immediately.

STREETS –

- 11/2020 Invoice: The vendor never sent the invoice, so it had to be requested. As soon as the vendor sent the invoice it was paid.
- 11/2020 Invoice: This was an AP error. The invoice got lost in the paperwork and was missed when the other invoices were sent to STREETS.

IT - The invoices were paid on time however they were delayed because it was part of a check that the Controller's Office flagged. The invoices were processed in 2020 but because they were a 2021 expense, they had to be voided and IT had to wait for a PO to be established for 2021.

FINANCE –

- 11/2020 Invoice: It is unknown why the invoice was delayed.
- 12/2020 Invoice: FINANCE had to reach out to the vendor to get the invoices emailed to FINANCE
- 12/2020 Invoice: This is a yearly issue because the vendor sends out their invoices at the end of the current year for dues for the new year. The invoice cannot be paid until the new year is open. What further complicates things is the workload FINANCE experiences with ending one year and opening the new one. Per FINANCE, in 2021 it was even more of an issue because the Director's Office is down and there is training of the new additions to the office.

FIRE - FIRE had a budget transfer to process and once that was done, a change order to the PO was required. Once these two items were accomplished, the invoice was paid.

POLICE COMMUNICATION – The invoice wasn't received until the end of January and then had to wait for a change order as the invoice and PO didn't match.

8. Documentation Not Attached in EDEN

To provide a proper audit trail and document the expenditure, the hard copy of the invoice and all pertinent payment information is scanned and attached in EDEN.

For the period 01/30/2021 – 02/26/2021, the following departments did not have the proper documentation attached in EDEN:

REVENUE AND AUDIT – 2 (two) instances,
HR – 1 (one) instance,
AP – 1 (one) instance,
HEALTH – 1 (one) instance,
ENGINEERING – 1 (one) instance, and
SEWER ADMINISTRATION – 1 (one) instance.

Resolution

All Bureaus were advised of the issues, proper documentation was scanned into EDEN and the checks were released.

9. Inaccurate Descriptions in EDEN

For Invoices Paid by Wires, the payment is made and deducted out of the City's bank account. The invoice must be entered in EDEN, go thru the EDEN approval queue and finalized in EDEN before the expense automatically posts in the General Ledger.

In February 2021, 7 wires were identified with incorrect descriptions in EDEN. The inaccuracies were communicated during the Controller's approval queue in EDEN.

Resolution

The issue was reported to HR, and no further action was taken by the Controller's Office.
