Old Business

Mr. Ed Zucal stated that the Tyler Fatzinger thing come up again with Fairview Cemetery. He and Mr. Hendricks are going to try to arrange a meeting with Mr. Fatzinger and Mr. Boyko and try to get some remedy for this. This is going to be an ongoing thing. The least they can do is try to intervene and keep some peace. He agrees with Mr. Fatzinger, if he wants to do it for free, he does not know what the other issues are. Hopefully, we can get something resolved.

Mr. Julio Guridy asked if Mr. Zucal and Mr. Hendricks can tell him when the meeting is. He did have a meeting at one time with Mr. Boyko and maybe they can talk a little bit to make it easy.

Mayor Ray O'Connell thanked Mr. Zucal for doing that. He would like to be invited. Maybe it is a liability issue. Maybe it could be a simple insurance contract. They are inexpensive.

Mr. Julio Guridy stated whatever it is, they probably can come to an agreement. He stated if not, the city did their best.

Supplementing Part One, Administrative Code, Title Eleven, Authorities, Boards and Commissions of the Codified Ordinances of Allentown, Pennsylvania, by adding a new Article 171B entitled "Campaign Finance Regulations". The legislation is based on Campaign Finance legislation used in Pittsburgh. It fixes the contribution limit to the federal limits, currently there are no limits – this would limit individuals to \$2,900 to campaign, eliminate stacking, limit PAC Contributions to \$5000 a candidate. Contributions could not exceed the limitations that are in effect and published by the Federal Election Commission as of the first day of that same calendar year. Political contribution limits for donations made by a political committee to a candidate committee shall be the same as the federal contribution limit for "PAC-Multicandidate" that makes contributions to "candidate committees."

Mr. Michael Hanlon stated that IT was able to upload the Rules and Chambers meeting.

Mr. Julio Guridy stated thank you. He asked if Mr. Messinger wants to talk about R73.

Mr. Craig Messinger stated that there is a permanent encroachment there for the Hamilton Restaurant. They plan on making some changes to it and actually putting a some structure, a wooden structure to shade the people in certain tables out there. Public Works felt it was good to bring it in front of you again just so you could see the differences. Right now, their temporary tables, the planters, and the gas lines that would go for the heaters. Now, they are going to put a little bit of a structure there and it is going to be an open canopy. They will be able to open it and close it along with the structure. It just felt it was good still to bring it in front of you. There are no issues with it. It is just for the one third.

Mr. Julio Guridy asked fi they were going to encroach a little bit more of what is available right now of the sidewalk.

Mr. Craig Messinger stated no. They are not encroaching anymore. It is going to be a little structure that is there so they can have some foldable canopies to be able to cover the area or open it up.

Mr. Julio Guridy asked if there were any comments from the dais.

Ms. Ce Ce Gerlach wanted to confirm that this is from Google Maps is this the parking lot besides where Cochiefreda's and the apartment building.

Mr. Craig Messinger stated that it is going along Church Street where the Transportation Center is and the new apartments that are being built on Seventh and Linden.

Ms. Ce Ce Gerlach asked about the bus shelter and stated that she looked at the feet. It is like seven feet. She stated that she is assuming it is going to be the traditional larger bus shelter. It is not those new ones with the seat and the solar panel at the top.

Mr. Craig Messinger stated that these are not that. They are a structure itself. These are all amenities due to the upgrades at the ATC. There is going to be people funneled a certain. There are no issues. It is for the bike racks. It is just one third into the right-a-way.

Mr. Julio Guridy asked if it is going to be a pedestrian bridge there. The Parking Deck is across the street, the Arts Parking Deck.

Mr. Craig Messinger stated that is for the overhead for the apartments and the parking deck. The Parking Deck for the Transportation Center. It is the same side. Crossing the Church Street. Everything is on the half street on Church Street between where the apartments are going and where they are doing the Transportation.

Mayor Ray O'Connell stated the same side.

RESOLUTION FOR THE ADOPTION AND SUPPORT OF THE CULTURAL COALITION OF ALLENTOWN'S INCLUSION IN THE PENNSYLVANIA COUNCIL ON THE ARTS CREATIVE COMMUNITIES PILOT INITIATIVE

Attachments: [R76 TANGO PROGRAM](#)

[Resolution #30217](#)

Mr. Julio Guridy asked if there were any comments from the dais or the public.

Mr. Sean King, Cultural Coalition of Allentown, thanked everyone for the time on the Agenda. There are some exciting news to working with the Pennsylvania Council of the Arts two years ago launch a program called the Creative Communities Initiatives that garnered about 108 different communities throughout the state of Pennsylvania to be funded by the Pennsylvania Council of the Arts. They finished fifth out of 108. They were selected as the two additional communities. They want to put Allentown front and center in terms of the creative economy and making Allentown 2030 Plan come to life.

Mr. Julio Guridy thanked Mr. King and asked if there were any questions from the dais.

Ms. Ce Ce Gerlach stated that she is reading through this proposal and there is a section that talks about Artist owned Housing.

Mr. Sean King stated that they are at the mercy of the housing market. The Arts Museum was under different leadership and they had looked at the space on Linden Street. They are looking at several communities across the country. They want to work closely aligned with the Community and Economic Development and some of the blighted properties to carve out a niche a few blocks in a concentrated area. Their goal is where they are in the rebound and recovery. They are not sure they will be able to accomplish it in the first year or three.

Ms. Ce Ce Gerlach thanked Mr. King.

Mr. Julio Guridy thanked Mr. King and stated that he appreciates it.

Ms. Candida Affa stated that she believes several years ago going back four or five years ago. This was addressed with a area or district at 10th or 11th and Hamilton. She stated homeownership with their studio at the bottom.

Mr. Sean King stated exactly. It is called live, work spaces. He stated that they would love to work with the city and Community and Economic Development. It will take the banks and the financing arms. It does not take much because they bring the creativity with them. They want to do a Pilot Program for a year or two and replicate it throughout the city.

Ms. Candida Affa stated that he is right. It does not have to be Hamilton Street. It could be Seventh Street. She stated that she loves the idea.

Mr. Julio Guridy congratulated Mr. King for doing this type of program. He stated that he loves the program. He would like the city to continue to support artists. He asked if there were any other questions from the dais.

Captain Jim Gress stated that he is here with Chief Granitz and Assistant Chief Rocca. Dakota Martin is certified under Act 120 as a Police Officer. He has experience working down in the Bucks County area as a police officer. He was hired under the Bill 66 list. That gives them the ability to work under the budget amount of 222. He extended appreciation to HR because they worked hand in hand on this entire process.

Mr. Julio Guridy thanked Captain Gress and stated that Council will put this to vote.

Mr. Daryl Hendricks commended the staff of the Police Department as this saves the city a lot of money and time when we hire an officer who is already certified. He is able to go on the street after a short duration of

learning Allentown Police Department's laws in Allentown. He is immediately available to go on patrol.

Mr. Julio Guridy asked who will speak about this. He asked if Mr. Lightner is available.

Ms. Maria Quigney stated that this is an Emergency Shelter CV grant from the state. They are asking for approval for submission of this grant for \$55,000. It would be for Rapid Rehousing, Emergency Shelter, and Homelessness. The grant is due to the state at the end of the week. This will be the city's second state ESG, if we are awarded.

Mr. Julio Guridy asked if there were any comments from the dais.

Ms. Ce Ce Gerlach stated that she is not sure if Ms. Quigney could commit to this at this meeting. More than likely the city will received this grant as they typically do. Is there or could there be an effort within CEDC or the administration to ensure that future that emergency funds are not giving to shelters that discriminate against people.

Ms. Maria Quigney stated yes. They are checking into all of our agencies and making sure that they are not discriminating.

[Chiller Proposal Letter](#)
[Ordinance #15714](#)

Mr. Julio Guridy asked who will speak about this.

Mayor Ray O'Connell stated Mr. Messinger. The Chiller is in the back. We need the four pumps. We need it.

Mr. Craig Messinger stated that it is for replacement of a system that is shot. That is why we have a temporary system sitting outside so at this point in time, it does seem like a lot of money for that, but it is a system that is a 225 ton system. It is all new pumps. It is everything that is necessary to keep us in business for the next 20 years. It is unfortunately, but it needs to be replaced.

Mr. Julio Guridy stated that the reason he wanted to find out is because he heard it was coming out of the country, from Canada. When is it coming. What is going on?

Mr. Craig Messinger stated that we have the Chiller there for two months. For when they did the Change Order at the last Council meeting. The first month of the rental was there to keep us going. The second month is when they will be putting it in.

Mr. Julio Guridy asked where does it go? In the basement or the roof. Does it make loud noise?

Mr. Theodore Berger stated that the Chiller is down in the basement where Council parks. There is a mechanical room down below the rear elevator. That is where all the heating and cooling components are for the City Hall and Public Safety. The old one made quite a loud noise.

Mr. Daryl Hendricks stated as advisement of the Clerk, they will need six or seven votes to approve this tonight.

Mr. Julio Guridy asked why is that.

Mr. Matthew Kloiber stated that under Council Rules, Final Passage of an Ordinance, a minimum 14 days must intervene between introduction and passage of an Ordinance unless Council finds and declares a public emergency posing a sudden clear and present danger of life or property or Council may have an affirmative vote of six (6) of seven (7) members reduce or eliminate the 14 day period between the introduction or passage of any ordinance. He recommended Council making a motion to eliminate the 14 day period for this. If there is a second, have a vote on that. If you get six people that agree on that, then you vote on the actual ordinance.

Mr. Julio Guridy stated that he does not think there will be anyone that will not vote on this. If they get six or seven people to vote, it will be ok.

NEW BUSINESS

Mr. Ed Zucal stated that he had a conversation with Chief Granitz today
with regard to the K-9 Program. Recently, the city has lost a couple of dogs
due to cancer and some other things. It came to his attention last week that
they are basically begging people and having fund raisers to get new dogs.
He stated that is pretty embarrassing for a city our size. He stated don't get

him wrong, there are a good will people like Gail Hoover that have donated two or three dogs. We are always going to have those people and that is much appreciated and anyone else whoever gave the city a dog. With the budget that the city has, it costs \$14,000 for the dog and the initial training. He stated that he doesn't think it is a lot of money. Upon speaking with Chief Granitz they did manage to raise money for the two dogs that have passed. He will personally like to add a couple more dogs to the fleet. He is asking Mike and Mr. Glazier and get with them and put something together for Council for the future.

Ms. Cynthia Mota stated that she is the chairperson of Public Safety and would like to be involved.

Mr. Ed Zucal stated absolutely. It will be brought from Public Safety. He stated that they had a Referendum about Council being allowed to hire their own attorney. He stated that Mike checked with most of them to check to see if anybody had any ideas. They have come up with a couple of names. He asked Mike to come up with the requirements that are going to be required of that person and then we will bring something again as a whole to the body.

Mr. Julio Guridy stated that the major issue is that they are paying \$25,000 - \$35,000. It is a limited thing. It is not lime they will have someone here full-time, but is what we are looking for. A limited amount of money.

Mr. Michael Hanlon stated that \$35,000 has been suggested. He stated Bethlehem is \$25,000. You want to use the Bethlehem model.

Mr. Julio Guridy asked if there was any other new business.

GOOD AND WELFARE

Mr. Ed Zucal stated that he has one thing personally. His son was given his trophy today for Allen's 2021 top cross country running. He also received a senior male athlete award. His daughter got a full scholarship to Kutztown University for Elementary Education minus books.

Mr. Daryl Hendricks congratulated Mr. Zucal and said to please commend his wife.

Mr. Ed Zucal stated this son was the last guy he thought would be a runner. He is a video game expert. He did truly take up running. He stated it is a shame that he did not start as a freshman. He played a little football then. He got himself a scholarship. It turns out that he is a natural runner. He stated that he is very proud of them.

Mr. Julio Guridy congratulated Mr. Zucal. He stated that they are looking to

start next month to open Council Chambers. He highly recommended that every Councilmember get their vaccine.
