FINDINGS, RECOMMENDATIONS AND ADMINISTRATION'S RESPONSES

Changes to Previously Reported Issues (Last Report Date)

1. Checks Issued Not on ARP

For some bank accounts, the outstanding check listings are maintained by the bank. They are referred to as the ARP.

- 4 (four) checks totaling **\$23,131.09** were identified on the AP bank reconciliation as not posting to the bank's ARP.

If the errors are not communicated to the bank the ARP will not list the checks as outstanding on the ARP.

Recommendation

Bank Errors should be communicated to the bank on a timely basis to insure they are corrected, and that the ARP is a valid reflection of outstanding checks.

Administration's Response

There was a situation in February where a check run file on 2/24 did not upload correctly to the bank's ARP. Once we realized this error, communication was initiated with the bank to resolve.

Previously Reported Issues Unchanged (Last Report Date)

2. Unreconciled Difference on the Bank Reconciliation

The Pension Payroll bank reconciliation has an unreconciled difference of **\$165.51**. It is unknown why there is a difference.

Recommendation

Administration should revisit the reconciliation, and the difference should continue to be researched and if not reconciled within a reasonable time, the difference should be adjusted on the books.

Administration's Response

We are continuing to research and the hope is that this will be reconciled on May's bank reconciliation.
