Mr. Daryl Hendricks thanked Mr. Hanlon and asked if there were any questions or comments from his colleagues.

Mr. Ed Zucal thanked president Hendricks and stated that he must say that he will not be voting for this tonight. He actually had a professional zoning person look at this. It is not very community friendly. Its structure is absolutely not even close to prior Zoning codes. It even says that it would make the issue more dense. He stated that they already have people and it is overcrowded downtown. He stated that they heard the gentlemen talk about there will be more spaces for bikes and things like that, but with more development and residential development as well, you are going to have more families, more cars and it has been nothing talked about the parking issue which they already have a parking issue. he stated that he is not comfortable voting on this at this time. He stated maybe in the future if they can come up with a better way to settle the overcrowding. He stated that obviously he will not be here for that, but then he would probably consider it, but not at this time. He thanked Mr. Hendricks.

He stated that this was shared with the Lehigh Valley Planning Commission which really applauded the new Zoning Guidelines. The Planning Commission played a part, the Zoning Board, EAC, and it really when people talk about Zoning, it is really about how are we going to look at the city in the next 30, 40, 50 years. He stated that they look at affordable housing and talk about it all the time. The Zoning is a foundation for encouraging affordable housing. He stated that they can't do affordable housing without updated zoning laws. Creating jobs, whether it is small businesses, small manufacturing stating this new zoning will helping create jobs. He stated that it will add density in the right places. He stated that he knows for a fact that there were many instances where they looked at different parts of the city and said this is not an adequate place for more density. The zoning was appropriately updated in a way that density where there was opportunity for it. He stated that he is all about jobs. He stated that he is a job creator and all for affordable housing and the way they are going to accomplish and achieve those goals is to update our zoning. He stated great job by your team and stated that he appreciates all the hard work. He thanked Mr. Hendricks.

Mr. Daryl Hendricks asked if there were any comments from his colleagues or any comments from the public and asked an audience member to please step forward and stated good evening. He stated that he would like to thank them all for Tabling this.

Mr. Al Blount stated good evening and stated that his name is Al Blount and Jerry Christian is his mentor. He thanked the Council for taking this up. If it is approved and approving this and stated that Jerry is so deserving of this. He stated that Jerry Christian is probably his DNA may be in the hundreds of men now because of all the lives that he has touched. He stated starting at Valania Park and moving on to Cumberland Gardens and the Community Center there. He was the Director of the Housing Project there. He was one of this first, if not the first Black name that he seen in a suit. He was the first professional that he has seen on a daily basis. Jerry Christian was and is a devout Christian man. Nothing comes become his Faith stating he explained this out to us. He role modeled what he spoke to them about. He didn't just tell them, he role modeled and started everyday. He stated that Jerry Christian stayed late with them. Jerry Christian was just married and had a baby girl and was getting home late and he was sure there were some interesting conversations when he got home. He was such a giving caring, kind man. Again, he played semi pro basketball. He stated if anybody remembered the Allentown Jets, Jerry was a part of that. They were a semi pro basketball team and was the foreign team to the New York Nets. He stated that Jerry had those guys come to Cumberland Gardens and actually play basketball with them and speak to them about their lives. They were thinking that they made this money with basketball players because every city young man thinks he might like basketball. If they play football, they would get knocked on their butt. They believe they can play basketball. He stated that Jerry brought these guys to share with them and these guys were coming from overseas and play ball overseas. Coming back and running a summer program for them. He stated that he means that was huge. He stated that Jerry ran events at Clyde E Bosket Park that has grown into what it takes today. He stated A-Youth is Jerry Christian. City League basketball is Jerry Christian. Being a good Christian is Jerry Christian. He stated that he can spend a whole lot of time here, but he won't. He stated that Jerry's resume is

beyond reproach. It is a good thing that they are doing it here today, and want to thank them all for Tabling this.

Mr. Daryl Hendricks thanked Mr. Blount for his comments. He stated please, step forward.

Male in audience (no name given) stated first of all he wants to say what Al said. Jerry Christian was a good mentor for many of us young kids. He stated you, Daryl Hendricks was a big guy for us too as a police officer. He stated that they were young kids and stating he was one of the big troublemakers. He stated that Mr. Hendricks lead them in the right direction. He stated that Jerry mentored a whole lot of them. He stated as far as Valania Park goes, he brought a whole lot of big players down there which lead a lot of players to want to play basketball. He stated like Al said he meant a lot to the whole Valley because he mentored a lot of people in Allentown, Bethlehem and Easton. He stated that like he said when it came to the Allentown Jets, he was there and brought the players over. He let them do everything. He kept out of trouble. If it wasn't for him, there would have been a lot more of them going to jail instead of going to basketball games. He stated that he think this is a great thing and a good one for him and he deserves it.

Mr. Daryl Hendricks stated thank you and asked anybody else. He stated that he was a true pioneer and a very important person in the community. He stated it is much deserved. He stated that they will move on to Courtesy of the Floor.

Mr. Ed Zucal stated yes, thank you. He stated to Ms. Kistler that he guesses she can answer this.

Ms. Vicky Kistler stated that Ms. Patel can.

Mr. Ed Zucal stated ok and stated that he is sorry that he did not see her back there. He stated that this is a pretty large increase and it says obviously for health prescription costs. He stated that when you talk about health are you talking about Contract costs for the unions or what.

Ms. Bina Patel stated no. Actually, the city is self insured and cannot predict the health of our employees and currently we are experiencing higher cost in healthcare.

Mr. Ed Zucal stated that obviously he doesn't want names, but are there situations where there are individuals that are.

Ms. Bina Patel stated not well. She stated that we have some employees that are not well so that is why there is an increase cost. She stated that the city is receiving higher costs.

Mr. Ed Zucal stated ok. He stated that he guesses some people are taking the drug Ozempic and is that being covered currently or no.

Ms. Bina Patel stated that is covered for medical reasons.

Mr. Ed Zucal stated for medical conditions. He stated alright, thank you Mr. Hendricks.

Mr. Daryl Hendricks thanked Mr. Zucal and asked anybody else. He asked if there were any comments from the public.

Ms. Karen Ocasio, Southside Allentown, stated actually the weight loss medicine is not covered by medical anymore. She stated that it is not being covered and since the city is self pay, they pay their own medical so that is extra that comes out of the budget and she just wanted to clarify that. She stated so that is actually not true. Thanks.

Dr. Cynthia Mota stated that she is confused.

Ms. Bina Patel stated that they have been covering for medical reasons and have not changed our policies. Currently, it is covered under our Capital Blue Medical Plans.

Mr. Daryl Hendricks thanked Mr. Hanlon and asked if there were any comments from the public. He stated that do to the importance of the impact of this Bill and what it will have on not all the city bureaus, he

believes it is best to have all Council members present to review and evaluate the merits of it. He stated that he will be forwarding this Bill to a Committee of the Whole.

Ms. Ce Ce Gerlach stated that she just has a quick question on that.

Mr. Daryl Hendricks stated certainly.

Ms. Ce Ce Gerlach stated that the sponsor and the co-sponsor of the Bill are both on the Parks and Recreation Committee. She stated that she has noticed a historical trend that when a sponsor of a piece of legislation introduces something, it tends to go to that committee. She stated that seems to not happen when she introduces legislation stating it seems when she introduces legislation, it always ends up at a Committee of the Whole, a Special Committee, or a Committee she doesn't sit on. She stated that she doesn't even get a vote on the committee level. In this situation, they are dealing with unsheltered folks, many of whom they had a couple of weeks ago sat up in West Park which is Parks and Rec. She stated that they have many of them who are setting up along trails which is Parks and Recreation. She stated that they have many of them who are setting up along waterways which is Parks and Recreation. She stated that she knows the attempt and why this is being sent to the Committee of the Whole. It is so that everyone can be there and it will get tabled since the mayor called everyone up. She stated to Mr. Zucal, she doesn't know if he called you, Zucal up and stated that she knows that he didn't call Natalie up. She knows that he called everyone else up and he issued his not approval of this. He doesn't want this to go anywhere. He wants this to die and she knows what this effort is. She stated that she doesn't appreciate political manipulation to get the outcome that you want. She stated that if you wanted it tabled, then table it at the regular Council meeting. She stated that vote against it, make amendments to it, but to do political manipulation you don't need to and it seems like it is typically done with Bills that she introduces which typically tends to be for the unsheltered population or dealing with housing. She finds that to be very distasteful and would like it to be sent to Parks and Recreation. She stated let us discuss it, let us amend it, and let it be sent to the regular Council meeting and vote against it if you don't like it or propose something different.

Mr. Daryl Hendricks stated that he explained his reasons and stated that the mayor did not call him up.

Ms. Ce Ce Gerlach stated that he said he did.

Mr. Daryl Hendricks stated no, he did not. He stated that it will go through Committee of the Whole as he said because of the impact it has on the

entire city. Not just Parks and Recreation.

Ms. Ce Ce Gerlach stated not the push back that you are getting.

Mr. Daryl Hendricks stated ok, that will conclude this meeting. Thank you.
