Ms. Dawn Godshall, 523-525 N. Seventh Street, thanked Council for the work they do every week. She is appreciative of the fact that Council reconsidered their position on the Credible Messenger and doing a PILOT Program. She regrets that there are groups in the community that do not get along. It is important as a community that we have to get along with one another.

Ms. Betty Cauler, 2212 Tilghman Street, brought in her neighbor's mirror and stated that their cars were hit from 23rd all the way to 19th Street. That is because of the Allentown Parking Authority. It is very dangerous to park on that street.

Ms. Gomez, 164 W. Gordon Street, stated that citizens in the town are hurting financially and mentally. Majority of everyone that she has spoken to are dealing with the Allentown Parking Authority on a daily basis. She started a Petition from people that had enough of the Allentown Parking Authority. She saw the Allentown Parking Authority give a ticket to a Constable car.

Mayor J. William Reynolds, City of Bethlehem, stated that it is great to be back. He worked in the Allentown School District for 13 years. He thinks of Allentown as his second home. He thanked the Mayor and the city. They announced the three-city coalition between the cities of Allentown, Bethlehem and Easton to work on housing, homelessness and sustainability. They want to advocate to work together for different regional solutions and partnerships and how to work together.

Mr. Pas Simpson, 215 N. Ninth Street, stated that he loves what Mayor Reynolds said. Permanent solution, we need the public sector to match the passion of the work of the nonprofits. He stated that poverty is violence, and the city is not addressing the issues. They have been fighting for three years to get Council to invest in the people. The Allentown Parking Authority is a form of violence.

Mr. Julio Moreno, 333 N. Franklin Street, stated that he has lived for 23 years in Allentown. He talked about the Parking Authority and tickets. He works with merchandise, and he will have his bags in his hands with insurance, and inspection and one of the stickers came off because of the climate. He stated that Parking Authority officer pushed him, the police was called and cameras were there. They gave attention to the Allentown Parking Authority and not him.

Controller's Report (3 minutes)

Mr. Jeffery Glazier went over the Accounts Payable Weekly Check Review for the time period 12/31/2022 - 1/27/2023, reviewing 414 checks which represented 641 documents for a total amount of \$4,435,000. The Controller's office did 10 manual checks in the amount of \$123,000 and five wires for \$1.5 million. He went over the findings. The benefits will be handled differently. Risk will handle things.

Mayor's Report (3 minutes)

Mayor Matt Tuerk talked about the happenings in February and items of note: Good news: the city posted summer labor positions; presently have 29 positions posted to

the city's website; Closing the third and fourth floor counters for intense Intergov Training; Continuing with CED and encouraged Council to look at the Facebook Page. The city is spotlighting small businesses; The fire department was paid a visit from the person that was rescued from the trench. He talked about the Annual Fire Annual Report. The first opportunity to get the plows out and getting it cleared. Unfortunately, there was an officer - involved shooting. The mayor's office had City Hall at the Table soft launch. In February, the city recognized a few different groups: Amazing event of the Dominican Heritage Day, Black History Month and a celebration at Symphony Hall. They are beginning the celebration of Women's History. The Executive Raptors are in the playoffs. City Hall at the Table will take place again on March 23rd at 6:00 PM. St. Patrick's Day Flag Raising with Irish Dancing on March 17 and March 31st celebrating Transgender Day of Visibility. He stated that Ms. Patel prepares a Finance Report for the Budget and Finance Committee. He encouraged Council to take a look. Real Estate taxes came in one percent higher. The General Fund expenditures came in one percent lower.

Mr. Daryl Hendricks asked if any of his colleagues have any questions or comments for the Mayor.

[Resolution #30603](#)

Mr. Daryl Hendricks asked if there are any comments, questions or concerns from his colleagues.

Mr. Ed Zucal asked Mayor Turek and Ms. Patel, how does this happen. We have each department come here and give their budget and we have \$1,267,922.34 in negative balances that we have to correct. How can we not know how much we have to pay for college credits.

Ms. Bina Patel stated that the budget was approved by you, and it wasn't the amount of the budget that was approved was not in the correct account. She stated that they had to transfer funds. Unfortunately, at the end of the year, we had change in personnel and the remedy of what we are going to correct is that there will be frequent meetings. At the end of each quarter, we will have a department and budget team to have conversations when they are progressing in the year and anticipate where they are moving the funds.

Mr. Ed Zucal stated that if it was him and his checking account and spending the money before he had it in there, it would probably be looked at as writing a bad check.

Ms. Bina Patel stated that she does agree with him. The budget was approved, but the amounts were incorrect. She stated that they will monitor it better going forward.

Mr. Ed Zucal stated that we have to do better. It really makes the city look bad.

Mr. Santo Napoli stated that this came up at the Budget and Finance Committee and Ms. Patel and the committee worked together to help make these changes. She is aware that the departments need to meet more. He got some feedback from the Controller.

R165 Budget and Finance, forwarded with the caveat that forensic audit

be changed to external audit and that consideration be given to having the Controller do a performance audit for better initial understanding of the process - committee wanted to hear from the prime sponsor, Councilperson Zucal.

Authorizes expenditure of funds for an independent forensic audit of the use of overtime and sick/leave time across all city bureaus and departure pay-outs

Sponsors: Affa, Gerlach, Hendricks and Mr. Zucal

Attachments: [R165 Forensic Audit](#)

Mr. Daryl Hendricks asked if there were any comments, questions or concerns from his colleagues.

Mr. Ed Zucal stated that the only comment is that he is asking for an external audit because he wants it to be independent. That way Council will get the correct numbers. One of the things that is striking to him and one of the reasons he is asking for this is the last actual departure payouts. He wants the public to know what agreements or deals were made to have those people leave. Not the reason for them to leave, but the financial part of it. He referred to R46 as to one of his reasons.

Mr. Daryl Hendricks asked if there were any other comments.

Mr. Santo Napoli stated that his only concern externally is the cost involved of getting someone external. We have a Controller that can contribute some information and at least prepare it in a way to bring down some of the costs. At that standpoint, the city can save some money there.

Mr. Ed Zucal stated that he agrees with him, but his concern is the independence of it.

Mr. Jeffrey Glazier stated that the Controller is as independent as they come. He is not external, but was elected independently. He stated that he is not beholden to Council or beholden to the administration. He stated that Council needs to get a better understanding of what they are looking for. He suggested that they sit down with the administration first. Having an understanding of the agreements and the processes will go a long way to answering the processes and the Controller's office can take a look at a piece of it.

Mr. Daryl Hendricks asked if there was anybody else on Council.

Mr. Michael Hanlon asked if they would like to consider the amendment first to change Forensic Audit to Certified External Auditor.

Mr. Santo Napoli asked if you do external, does that excludes the Controller. Is that an option?

Mr. Ed Zucal stated that is part of his amendment.

Mr. Michael Hanlon stated that it is a certified external auditor.

Ms. Ce Ce Gerlach asked how much will that cost for an external certified auditor to do this type of thing.

Mr. Ed Zucal stated that has to be determined when the RFP is sent.

Ms. Ce Ce Gerlach asked if it is like \$50,000 or \$100,000 or \$10,000.

Mr. Ed Zucal stated that he can't answer that question.

Mr. Daryl Hendricks asked Mr. Glazier if he had an idea of what that would be.

Mr. Jeffrey Glazier stated that if Council removes the term forensic from it, you probably will drop your costs significantly. He stated that beyond that, he cannot give them a number. You are casting a really broad net there. He suggested that they talk to the administration first, because they may not need to spend this money at all.

Attorney Charles Smith stated that what's before Council is R165 which according to Legistar authorizes expenditure of funds for an independent forensic audit of the use of overtime and sick/leave time across all city bureaus and departure pay-outs. Allentown City Council desires to engage a forensic auditor. He asked if Mr. Zucal making a Motion that forensic auditor be changed to external auditor. He asked if anybody seconded that yet.

Mr. Michael Hanlon stated not yet.

Mr. Daryl Hendricks asked if there were any questions or comments from his colleagues.

Mr. Santo Napoli stated that this vote is strictly the wording.

Mr. Michael Hanlon stated that this Motion will change Forensic Audit to Certified External Audit.

Mr. Daryl Hendricks asked if there were any comments from the public.

Mr. Pas Simpson stated that hearing the Controller say that he is external already and he is not beholden to any one of you two parties, the Council or the Mayor's office. When the Controller makes a report is it open to the public to see. If it is open to the public to see, why are we spending more money. He stated that the city does not pay for the things we need already. Why spend money, if he can do it for free and make it public notice.

Mr. Michael Hanlon stated that you are not at the stage yet, you are just changing verbiage in here.

Attorney Charles Smith stated that if this Motion was to pass, it would have the effect of amending just the language that would ultimately come before you.

Attorney Charles Smith stated procedural someone could make a motion to amend that language to not exclude the Controller.

Ms. Ce Ce Gerlach stated that Council had an Executive Session. Is the intent to make the information that they were told in Executive Session to the public so they can get those numbers and figures.

Mr. Ed Zucal stated once the audit is complete. It would be public information anyway.

Mr. Michael Hanlon stated that all this Resolution does is authorize the expenditure of the funds to craft an RFP. This simply authorizes Council to expend funds to craft an RFP.

Mr. Ed Zucal stated that it authorizes Council to do that. They may decide down the road if they meet with the administration not to do it. If the Mayor is willing to meet with them.

Mayor Matt Tuerk stated always.

A motion was made by Ed Zucal, seconded by Ce-Ce Gerlach, that this Resolution language be changed from Forensic Audit to Certified External Auditor.

REFERRED TO THE PUBLIC SAFETY MEETING

NEW BUSINESS: NONE

GOOD AND WELFARE

Mayor Matt Tuerk stated that tomorrow is Read Across America today and there are opportunities across the many public schools in the city of Allentown to read to kids. It is deeply appreciated by the kids. There is a signup Genius, and he is happy to share the link for Council or any member of the public to get them signed up to read to the kids. They are the future of our city.

Mr. Daryl Hendricks thanked Mayor Tuerk and stated that it is very

important. Children need to develop good reading skills.
