This project is part of a Green Light-Go grant fund. On May 15, 2023, the public opening was held for which the City received four (4) proposals, which were distributed to all committee members via Teams via Teams for evaluation. The technical evaluation

was held on May 25, 2023. All committee members were present. The Proposal was scored based on the RFP requirements, IBE Preference (10 Points), Presentation, Ability to Meet RFP Requirements and Project (20 Points), Prior Experience and Coordination (25 Points), Bid Documents and Construction Inspection (25 Points), Sub-Contractor and Minority Contractor (10 Points), Local Staffing and Supports (10 Points), Project Reference (10 Points). After discussion, the Committee made the recommendation to award to the highest scored firm based on the final scores from the Technical Proposals and Oral Interviews. Since this is a PennDOT MTF grant project and we had to follow PennDOT's rules and regulations, we first chose a firm based on their qualifications, and only after we chose a firm, did we request pricing. The cost evaluation committee meeting occurred on July 10, 2023, 11:30 AM. All committee members were present. The committee members discussed the Cost Proposal. The committee decided to award based on the firm's qualifications and overall score. The committee is recommending award to McMahon Associates, Inc.
