Mr. Michael Hanlon stated that you can just flip this to Ordinance for

introduction.

Dr. Cynthia Mota asked the administration to explain this then.

Mayor Matt Tuerk stated what Mr. Hanlon suggested is that rather than ask for a motion to Suspend the Rules, this will move in the Agenda for ordinances for introduction. Per the discussion, there will be an inability to Suspend the Rules with the number of Councilmembers present.

Mr. Michael Hanlon stated that we will introduce that Bill when we get to ordinances for introduction.

Dr. Cynthia Mota asked Mr. Hanlon if he could repeat that again.

Mr. Michael Hanlon stated that the intent was if they had enough people to vote, you were going to wave the 14 days between introduction and Final Passage. You don't have that so there is no need to look at it under Ordinances for Final Passage. You can look at it for Ordinances for Introduction and then it to Mr. Hendricks committee (Community and Economic Development Committee).

Dr. Cynthia Mota thanked Mr. Hanlon.

Mr. Michael Hanlon stated Bill 111 amends page 462 of the 2024 Federal Grants Fund budget to accept Seventy-Seven Thousand Two Hundred Eighty-One Dollars and Eighty-Eight cents (\$77,281.88) from the FY 2024 General Fund Department of Community & Economic (DCED) Director's Bureau budget for the SPARK program administration. He stated that this will basically be referred probably to the Community and Economic Development Committee.

Dr. Cynthia Mota stated ok. So that probably will be Mr. Hendricks.

Mr. Daryl Hendricks stated that will be him and said thank you.

## **CONSENT AGENDA**

Mr. Michael Hanlon stated right now, it will be flipping to the Consent Agenda. He stated that they have two items on the Consent Agenda. Certificates of Appropriateness for work in the Historic Districts at 728 Liberty Street, 1118 Chew Street and a Certificate of Appropriateness for 1028 W. Chew Street.

Dr. Cynthia Mota asked if there are any request to remove any items from

the Consent Agenda. She stated that she guesses not and asked if there were any comments from the dais.

Mr. Santo Napoli stated very quickly, he commended Ms. Kistler and the CED department. This was something that came up in Mr. Hendricks committee meeting. They worked with the property owner and found an amicable solution and they are voting on it tonight. He just wants to say thank you for all the work involved in getting this situation resolved. He stated that you were a part of that also President Mota. She asked if there were any comments from the public.

[15-7339](#)

R202 Refer to the Public Safety Committee

Authorization for Contract with Alloy5, LLC in the amount of \$1,473,000.00 to provide architect/engineer (A/E) consultants to be part of a team to perform professional services for the design of the new Public Safety Headquarters and the renovations for the existing Public Safety building. Seven (7) proposals were received; however, two (2) proposals were rejected due to cost being included in the technical proposal. Contract shall be for two (2) years with one (1) one (1) year renewal beyond the contract expiration period.

**Attachments:** [R202 - Alloy5, LLC](#)

Dr. Cynthia Mota stated ok, Mr. Zucal.

Mayor Matt Tuerk stated ma'am, it is unusual to see a contract in the section titled Resolutions for Introduction. Typically, we see Contract

Approvals in the Contract Approval Section. He stated that Ms. Baraket is here to explain the process in which we came to this contract. If you would like.

Dr. Cynthia Mota stated definitely.

Ms. Jessica Baraket stated that this was done as RFP2024-44. It was advertised on Public Purchase on September 25, 2024. There was a public RFP open where the Purchasing department received seven proposals. There were both Technical and Cost Evaluations done by the Evaluation Committee. All the proposals were evaluated on the ability to meet the RFP requirements and all the evaluations were conducted. The committee decided not to hold oral interviews. The committee made the recommendation to award based on the firms qualifications and overall score and the committee is recommending an award to Alloy5. The city has successfully done business with Alloy5 in the past.

Dr. Cynthia Mota asked if there were any comments from the dais.

Mr. Ed Zucal asked who were the other individuals that applied.

Ms. Jessica Baraket stated that they received seven proposals. Two of them were rejected because they included cost information. Two of the proposal had to get rejected. She stated that she can pull that information up for him. She stated that they normally don't provide that to Council which is why it is not on there. She can get that to them very quickly.

Mr. Ed Zucal stated that he is a little concerned because they did the actual contract when they did the Engineering part of it for the plans. He stated that's all.

Mayor Matt Tuerk stated that Alloy5 presented the Feasibility Study that was presented to members of Council and to the Public Safety Committee prior to the next step is when the city hired the construction management. He stated that this is a separate contract that is a part of the road too the city's renewed Public Safety building.

Mr. Ed Zucal stated that he doesn't mean to interrupt him, but is a little concerned that there were five other people. She stated that no oral interviews were done because they have done work with them before. He wants to make sure they are not making it look like.

Ms. Jessica Baraket stated that how it is traditionally done is if there is usually based off scoring and if there is enough gap between the first and whoever going to be second in that scoring process then at that point there

is no need to do oral interviews because of the scoring and the way that scoring happened. It is not going to bring somebody that may be in second place or third place up high enough to beat the first ranked respondent. That typically makes the determination. It is not just because we've done business with them in the past. That is what makes the determination not to do this proposal.

Mayor Matt Tuerk stated that part of the procurement process is always led by the Purchasing Team in the City of Allentown which is not just certified and decorated for their accomplishments in Purchasing.

Mr. Ed Zucal stated that normally it would be referred to a committee, but he doesn't want to risk any issues with the money here, so obviously Council can vote on this tonight. He made a recommendation that they do that.

Dr. Cynthia Mota stated let's do this then.

Mr. Michael Hanlon asked about the public.

Dr. Cynthia Mota asked does the public have any comments.
