Council Chambers

Invocation:

Mr. Santo Napoli stated that they are going to start with an Invocation and a Moment of Silence for a gentleman named Dave Snyder. He stated that Dave Snyder served in the US Marine Corp. during the Vietnam War, but he also worked as a Civil Engineer for the city of Allentown for 44 years. He was also a photographer and a chronicler of local musicians and the local music scene. He was especially fond of blues and that includes Blues Festivals like Blues, Brews and Barbeque locally every year. He is also a long term member of the Recreation Board and the A Youth Program. He was also a coach at Dieruff and Mountainville. For many years. Dave was an active bowler and coach and he also played on the city hall bowling league for 50 years. He stated that this was a gentleman that was as Allentown as it gets and unfortunately, Mr. Snyder passed away. There is a memorial service set on Saturday, April 11th at 11:00 AM. He stated that he just wants to mention that he was an all Allentown gentleman and Council passes their condolences from the city of Allentown. He stated with that said, we will do an Invocation and a Moment of Silence.

Controller's Report:

The Controller has submitted two reports on garage billing and weekly checks.

Mr. Jeffrey Glazier thanked Mr. Napoli and stated he does have a Report for Council and the public this evening. It is an Accounts Payable Weekly Check Review. The check period is the 4th of March until the 27th of March this year. He stated that they reviewed 323 checks and wires in that period for a little bit less than \$6 million and there were eight manual checks for \$84,000. He stated the finding we had was a noncompliance with a travel AIM. If you are going to take a trip, you are going to a conference, you are going to go some place, first you fill out a TRA saying what you are going to do and then when you return from the trip, you will fill out a TR. He stated then they can audit expenses against these forms. In this instance we found that an employee went to a conference. They did not stay over night. They communicated daily and the mileage was expensed to Account 28. It should have been expensed to Account 34. The difference is Account 28 is for using a vehicle for business. They are going to pick up a supply or for the police they are going to pick up a prisoner. As opposed to Account 34 which is what they used for training purposes. He stated that it took a little while to get to the bottom of this because a TRA nor a TER had been submitted. The department did submit them and the check was released. He stated that we have three checks that were expensed to the wrong expense accounts. The Department were advised and journal entries were corrected. There were 15 instances of untimely payments of invoices and by that we mean the invoice was older than 60 days. The departments were advised. They explained the reasons and the checks were all released and finally auditing runs on documentation. The documentation needs to be in Munis to support expenses. They were seven instances when documentation was not usually uploaded. The departments were advised and the documentation was uploaded and the checks were released. He stated that serves his Report.

Mr. Santo Napoli stated thank you, Mr. Glazier. He stated moving along, the Mayor's Report.

Mayor: No submission.

Mayor Matt Tuerk stated that he did not submit anything, but very briefly, he appreciates Council approving or confirming Frank Kane as our managing director. He stated that the start date is going to be May 13th for Mr. Kane. He is completing his time at the county, but he is continuing to engage with various different folks in the administration and partners to make sure he hits the ground running. He stated to notify Council, his expectation is that Mr. Kane will be attending City Council meetings as the mayor's designee. He stated get used to seeing Frank Kane joining you on the first and third Wednesday. He should be able to answer any questions that City Council has in advanced. He encouraged them to use Mr. Kane as your contact point for the mayor's office and hopefully everything will go swimmingly after that. He stated that he also wants to report briefly that the city held an Easter Egg

Hunt for Allentown City kids and about 400 kids attended last Saturday. He stated very few crying kids and stated everybody got an egg and chocolate. He stated a lot of smiling kids enjoying time with an Easter Bunny. He stated that they did an amazing job bringing our community together. He stated that they are looking forward to see them all at future events like that one and stated that is the extend of his Report, Mr. president.

Mr. Santo Napoli thanked Mayor Tuerk and stated just to clarify is it May 13th or April 13th.

Mayor Matt Tuerk asked did he say May.

Mr. Santo Napoli stated you said May.

Mayor Matt Tuerk stated April 13th.

Mr. Santo Napoli stated you confirmed that April 13th will be his start date.

Mayor Matt Tuerk stated that is correct. He stated although he tells them and thinks they all know this, his (Mr. Kane) email address is active so you can start filling his inbox with things you want him to answer. You can start scheduling meetings with him and putting on the calendar now and he will be very surprised when he finds everything on April 13th. Thank you.

Mr. Santo Napoli stated alright, thank you. He stated moving along, they are going to go to Ordinances for final passage. He stated that they will start with Bill 23.

Mr. Santo Napoli stated thank you and this was in Ms. Mota's committee this evening.

Dr. Cynthia Mota stated yes, thank you Mr. president stating this was forwarded favorably to full Council.

Mr. Santo Napoli stated ok, great. He asked if there were any questions or comments from his colleagues.

Mr. Cristian Pungo stated that there is just one.

Mr. Santo Napoli stated alright Mr. Pungo. He stated during the meeting, they discussed that this is a matching grant so they will be matching 199,000 roughly of it, it was a note of \$89,000 being a supplemental appropriation coming from the General Fund. He just wants to know he will be reaching out to the Director of Finance to make sure just kind of how we are appropriating that and where the transfers are coming from, but otherwise he is all for it. He stated that the positive thing of this is that we get the money and then they could get the (inaudible). She stated so that is positive.

Mr. Santo Napoli asked if there were any other questions or comments from the public on Bill 24. He stated ok, can you call the vote, please.

[Resolution #31252](#)

Mr. Santo Napoli asked if there were any questions or comments and stated he is sorry and asked if there were any comments from the administration on this Resolution.

Mayor Matt Tuerk stated by way of brief introduction, so about two years ago Council gave the administration permission to dispose of the property at 10th and Hamilton Street where our police are currently mustering. He stated that they are giving him permission to enter into and this allowed us to put it into or onto the market in collaboration with Allentown Parking Authority. At the time, the intent was to transact the property for the city to sell it to the Allentown Parking Authority and then for the Allentown Parking Authority to bundle the two parcels. He stated that city owned property and the Allentown Parking Authority property and sell those to whoever is the highest bidder or the appropriate bidder was. He stated that they are now at the point where they had a bidder and you know it was the Allentown Art Museum. They have an Agreement of Sale. He stated that we are looking for Council to now instead of the initial Resolution giving permission to execute an Agreement, now they are saying the agreement will be with the Allentown Art Museum. Where they will transact directly to the Art Museum and then the Parking Authority will transact their property directly to the Art Museum. He stated that the hope they will be able to close more expeditiously through this process. He stated that it is a simple Resolution

that will allow us to self - direct them.

Mr. Santo Napoli stated thanks for the background. He asked if there were any comments from the dais on R52.

Dr. Cynthia Mota stated that she is just glad that it is the Art Museum who is purchasing it. She asked what is the Plan. Is it a Plan to demolish it and build or they are planning to.

Mayor Matt Tuerk stated that he can speak and stated that the intent he believes and haven't seen full plans from the Art Museum as part of the presentation and as part of the RFP. The intent is to build a new multi - story Art Museum at the corner of 10th and Hamilton on top of the site of what will be the former and it goes back to it is a fur retailer at some point. They will demolish the building on 10th and Hamilton and build something for the downtown.

Dr. Cynthia Mota stated nice. Thank you.

ORDINANCES FOR INTRODUCTION (To be referred to Committee with public comment prior to referral)

[15-8344](#) Bill 26 Rules Committee --- forwarded with amendment to limit the board to only one elected official, the councilperson representative Amending Article VIII, Allentown Parking Authority, by removing the requirement that a member of the Parking Authority must also be a representative of the AEDC, allowing the Mayor to designate and Council to approve any resident of the City of Allentown.

Mr. Santo Napoli asked if there were any comments from the public on Bill 26.

Dr. Cynthia Mota asked what was the problem before that the city is

removing the requirement.

Mr. Santo Napoli stated that so currently the board member of the Parking Authority must come from the AEDC board and this Bill removes this requirement and it enables it to be a resident of the city of Allentown versus someone from the AEDC board. He stated that it will make the board a little bit more diverse and a little bit more community oriented.

Mayor Matt Tuerk stated just a note of appreciation to Council and stated the original ordinance that created the Allentown Parking Authority in 1984 called for the members of the Parking Authority to be the Director of Finance of the city of Allentown, a representative from City Council, a representative from Allentown Economic Development Corporation and two members of the public at large. It is very different times in Allentown's history. He stated that he appreciates Council taking a look at some of those older ordinances to bring them more inline with where we are right now. He stated to Council President Napoli's point, this will allow us to not be constrained to a member of the Allentown Economic Development Corporation, but to look more broadly. He stated that he will still take the opportunity to make the pitch and stated there are vacancies on all of our boards and commissions stating if you are a member of the public and you are out there listening and you are a resident of the city of Allentown. He stated that he invites them to check out the Boards, Authorities, and Commissions page on the AllentownPA.gov webpage to learn more about ways that you can contribute to public service here in the city of Allentown. He stated whether it is a member of the Parking Authority or the Redevelopment Authority or the board of Parks and Recreation. He stated that Dave Snyder served out city for decades as a member of that board and it was much appreciated contribution and he encouraged everybody to get involved in it and do their part for the city.

Dr. Cynthia Mota stated thank you for the background and thank you she thinks it is important.

Mr. Santo Napoli stated for sure.
