- (4) Compact disc of fire photos (per operation): \$150.
- (5) Excessive alarms (three in a thirty-day period): \$300.

Legislative Template

- What department or bureau is this bill originating from? Where did the initiative for the bill originate?

The Fire Department through the Fire Prevention office is trying to amend the ordinance 270-80 Fees.

- Summary and facts of the bill.

The purpose is to cut down on excessive follow-up inspections for recurring fire permits. This will add a follow-up fee and will be consistent with the Health Dept and Building Standards re-inspection fees, which are already included in the current ordinance.

- Purpose – Please include the following in your explanation:
 - a. What does the bill do? What are the specific goals or tasks the bill seeks to Accomplish?

It allows the Fire Department to charge a fee for the follow-up inspections after the second inspection. It will keep business owners compliant in a timely manner.

- b. What are the benefits of doing this? What are the drawbacks?

It will lower the amount of follow-up inspections and cut down the workload of the City's Fire Marshal, which is already backlogged by inspection schedules.

- c. How does this bill relate to the City's vision/mission/priorities?

This will create a safer city because more individuals will be compliant with the fire code ordinance.

- Financial Impact – Please include the following in your explanation:
 - a. Cost (initial and ongoing)

No cost to the city. This would be accomplished by on-duty personnel.

- b. Benefits (initial and ongoing)

There will create finalized inspection so the business owners can receive the fire permit once the inspection has passed, and all payments have been received.

- Priority status – Are there any deadlines to be aware of?

Before the start of the new year.

- Why should Council unanimously support this bill?

It doesn't cost the city any money and it will help ensure compliance

with the ordinance that is in place.
