CITY CLERK

- What department or bureau is this bill originating from? Where did the initiative for the bill originate?
 - Community and Economic Development and Mayor's office

- Summary and facts of the bill.
 - The administration would like to consolidate all grants positions to a single department within the City to increase efficiency and allow for additional support and backup for staff tasked with managing grants across City departments. Currently, there is one vacant full time General Fund position in the Mayor's office and 7 full time HUD Grants positions which operate under the supervision of the DCED Director. This legislation will consolidate all 8 positions to DCED. The move presents a savings to the General Fund as the proposed removal of the position in the Mayor's office was budgeted at a (14N) and the proposed position added to CED is a (13N). The proposed funding source shift allows for additional leadership & support within the grants team for both HUD and non-HUD grants management.

 - The previous titles were (6) HUD Grants Monitors (11N), (1) HUD Grants Manager (15N) and (1) Grants Coordinator Manager (14N). The new titles would be (6) Grants Monitors (11N), (1) Senior Grants Monitor (13N) and (1) Grants Manager (15N).

- Purpose – Please include the following in your explanation:
 - a. The purpose of this plan is to create an efficient and effective plan for our grant processes in the City. The department will manage and perform all duties regarding grant applications, tracking, project managing, and creating a comprehensive strategy for our departments as we look towards the future.

- Financial Impact – Please include the following in your explanation:
 - a. Cost (initial and ongoing)

Due to vacancies within both departments and the downgrade of (1) position from a (14N) to a (13N), this shift in organization & funding presents a small savings to the General Fund.
 - b. Benefits (initial and ongoing)

The benefit to consolidating grants administration is in the support and backup that the team can provide with the overall goal of increasing grant applications and strategy across City departments.

- Funding Sources – Please include the following in your explanation:
 - a. If transferring funds, please make sure to give specific account names and numbers. If appropriating funds from a grant, please list the agency awarding the grant.

- Priority status – Are there any deadlines to be aware of?

- We would like to implement this as soon as possible. The Grants Coordination Manager position in the Mayor's office and one HUD Grants Monitor position have been vacant for a considerable amount of time, our departments need the support of these positions for their current and future projects and needs.

- Why should Council unanimously support this bill?
 - This ordinance will allow for proper support for searching and submitting grant applications, tracking and monitoring the grant process, in both the world of HUD and multi-department initiatives. It also allows the employees in this department to have opportunities to grow into leadership positions.
