Mr. Michael Hanlon stated just so you know, this was before you before and was sent back to Mr. Kloiber for a draft to change the Appeals board.

Chief Charles Roca stated that the Nuisance Abatement appealing is actually getting us to what the Third Class City Code states. The city can take affective action against establishments who do not comply.

<p>Attorney Mathew Kloiber stated at the last committee meeting that this was before Council, it was some changes that Council ask the Solicitor's office to make and the process. He made changes to the structure in Section 406-7. There is a change in Section 406-3 Paragraph F.

Ms. Candida Affa stated that basically everything that was taken out and everything else is basically the same.

Attorney Matthew Kloiber stated it is the same language.</p>

Mr. Daryl Hendricks stated that it is a good thing to make sure it matches what the Third Class City Code is beneficial.

Mr. Ed Zucal asked if the DCNR has any play.

Chief Charles Roca stated that the DCNR is separate. It specifically addresses the noise complaint issues with residents that will call in if the person is renting the residence.

Ms. Candida Affa asked if there were any other questions from her colleagues or the public.

A motion was made by Daryl Hendricks, seconded by Ed Zucal, that this Bill be forwarded to Council:
