President/CEO/Executive Leadership

Global Revenue Generation / Start-ups/ Board Development / Non-Profit leadership/P&L / Strategic Planning & Alliances / Program Management / R&D & IP Direction/Government Relations

Strong technical and entrepreneurial background. Record of success leading international and U.S. for profit and not for profit businesses. Developed highly successful sales and marketing programs and business models within diverse industries including instrumentation, chemicals, semiconductor, superconductivity, rare earth elements, advanced materials, nano technology, powdered metallurgy, cryogenics, medical equipment and non-profit sectors. Achieved targets through market additions, sales growth, corporate mergers, diversifying opportunities, new product development, U.S. government sponsored research, smart partnerships and enhancing productivity.

BS, Chemical Engineering, Lehigh University

Fluent in German, Italian

Notable Achievements

- **Led business growth for US rare earth permanent magnet manufacturer in the USA** by increasing sales at 9% year over year, organic growth, more than doubling sales in declining offshoring Chinese dominated market.
- **Launched a German software-laden test and measurement systems company into the US market** and achieved success through a North American distribution company.
- **Led market launch of a new product** for superconducting materials characterization at cryogenic temperatures, resulting in 30% of sales revenue within the cryogenic laboratory systems segment within 2 years.
- **Spearheaded the efforts of a non-profit organization** to place a 24-foot bronze sculpture dedicated to the inspiration of Leonardo da Vinci in Milan, Italy and scale replicas in Vinci, Italy and the US, including siting agreements, international partnerships, trilingual news media interviews and public speaking. Conceived and executed merger with another 501(c)3 non-profit to advance mission.

Career Chronology

CDG Environmental LLC, Technology Development Manager for (2013-2016), VP of Operations & Regulatory Affairs (2016), President (2017-2022), Research Fellow (2022-present)
