[Ordinance #15402](#)

Mr. Roger MacLean stated to Mr. Hendricks that this was your question from an earlier meeting. He asked if there were any comments or questions from Council.

Mr. Daryl Hendricks stated that this doesn't relate to the receive work that was done already.

Mr. Craig Messinger stated that it does. It longer for the paperwork and the reimbursement to be done. We tried to get much of the work done prior to the school starting. This is to put the funding in place. We didn't want to wait and do it over the whole school year and it would be a big issue. This is \$135,000 that they want to give us for the improvements at the intersections.

Mr. Daryl Hendricks stated that he is sure the final cost is too higher than that.

Mr. Craig Messinger stated that it ended up being \$120,000 for the improvements. The city's part of it we paid for design and inspection which was \$32,000. The entire cost was \$150,000 - \$155,000. The pricing was really good on the contract.

Mr. Julio Guridy stated that the funds supposed to be refunded 100

percent.

Mr. Craig Messinger stated that the actual construction is 100 percent. Our match was the design and the inspection.

Mr. Roger MacLean asked if there were any other questions from Council and asked if there were any questions from the public.
