

**The Honorable Matt Tuerk, Mayor and Honorable Members of City Council  
City of Allentown, Pennsylvania**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Allentown, Pennsylvania (City) for the year ended December 31, 2024. We did not audit the financial statements of the Allentown Parking Authority. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Allentown Parking Authority are based solely on the report of the other auditors. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our conversation with you about planning matters on March 20, 2025. Professional standards also require that we communicate to you the following information related to our audit.

**Our Responsibilities under Auditing Standards Generally Accepted in the United States of America and Government Auditing Standards**

As stated in our engagement letter dated November 20, 2024, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the system of internal control of City. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we also performed tests of City's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions was not an objective of our audit.

**Significant Accounting Policies**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2024. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

### Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the City's financial statements are fair value of investments and actuarial assumptions used in calculating pension and other post-employment benefit liabilities and the related deferred inflows and outflows of resources. We evaluated the methods, assumptions, and data used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

### Disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The most sensitive disclosure affecting the financial statements was the disclosure of the Utility System Concession Lease in Note 2 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

In addition, material misstatements detected as a result of audit procedures and corrected by management included: an adjustment to the Solid Waste fund in the amount of \$200,000 to reduce grants receivable and grant revenue; an adjustment in the Capital Projects Fund in the amount of \$151,000 to reduce expenses and accounts payable, and an adjustment in the ARPA fund to reduce revenue by \$694,542, reduce transfers out by \$518,184, reduce due to other funds by \$121,102, and increase unearned revenue by \$55,526.

### **Disagreements with Management**

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### **Management Representations**

We have requested certain representations from management that are included in the management representation letter dated August 28, 2025.

### **Management Consultations with Other Independent Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those financial statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### **Issues Discussed Prior to Retention of Independent Auditors**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Other Audit Findings or Issues**

Matters involving internal controls and the City's operations are detailed in a separately issued management letter.

### **Other Matters**

#### *Required Supplementary Information*

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency

with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

*Supplementary Information*

We were engaged to report on the supplementary information which accompany the financial statements but is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

*Introductory and Statistical Sections*

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

---

This information is intended solely for the information and use of the Honorable Matt Tuerk, Mayor and Honorable Members of City Council and management of the City, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

***Maier Duessel***

Harrisburg, Pennsylvania
