The City was awarded a MTF-DCED grant in the amount of \$350,000. As part of the grant requirements, the City needed to provide a \$54,000 match. The match funds have been secured; however, the grant funds of \$350,000 need to be transferred into the capital account so the work can be done. Since this is a reimbursable grant, the funds will be reimbursed to the general fund capital fund account (001-7144) when the project is completed. The total estimated project cost will be \$404,000.

This grant is to upgrade the streetlights along the northside of Martin Luther King Jr. Dr., from 8th Street Bridge eastward to 4th and Union Street. The project includes the replacement of the existing rusted streetlights with 24 new LED luminaires and street light poles.
