NICHOLAS P. MILLER

nmiller9394@gmail.com ♦ 484.866.2368 ♦ 110 South Saint Elmo Street Allentown, Pennsylvania 18104

EDUCATION

The Pennsylvania State University - Smeal College of Business
Bachelor of Science in Finance

University Park, PA
Graduation Date: May 2017 GPA: 3.61

EXPERIENCE

IBM

Philadelphia, PA

Management Consultant

June 2017-Present

- Executed and maintained project management processes and disciplines in project plan, quality management, and communications management during \$100+ million SAP implementation for Fortune 100 company
- Created project plan in Microsoft Project and tracked key performance metrics using Excel, producing a daily standup presentation for the project leadership team with project status updates

JP Morgan Chase & Co.

New York, NY

Operations Summer Analyst

June 2016-August 2016

- Applied advanced Excel techniques to summarize incidents and errors in an executive dashboard that expedited the Controls team annual report processing by 50%
- Created Standard Operating Procedures for group key functions, cutting down procedure time for onboarding employees and progressing parallel global strategy between New York and India offices
- Built SharePoint database to manage 450 regulatory management policies, reducing incidents of non-compliance by 15%

PricewaterhouseCoopers, LLP

New York, NY

Winter Valuation Analyst

January 2016-March 2016

- Valued corporate and sovereign bonds with a DCF model using a Bloomberg terminal, providing the valuation management team with client facing pitch book deliverable
- Analyzed client portfolios leveraging PwC's corporate debt valuation model to provide audit team required third-party valuations on portfolios valued up to \$17 billion dollars

MacSa Investment Bank

Tunis, Tunisia

International Intern

May 2015-June 2015

- Analyzed financial statements and calculated financial ratios, which were used by research team to complete quarterly reports
- Assisted finance team working on local dairy company's IPO to the Tunisian stock market, resulting in a \$300 million company valuation on Tunisian stock market

ENTREPRENEURSHIP

Varricchio-Miller Educational Foundation, LLC

Allentown, PA

Founder

April 2016-Present

- Founded a charity to provide financial assistance for students in Nairobi, Kenya with educational opportunities, and to promote study abroad experiences for Penn State students, funding 2 students' short term study abroad trips (March 2017)
- Sponsored 47 scholarships and led recipients on an educational trip in Nairobi, Kenya (April 2016)

TeraDrones, LLC

Allentown, PA

President, Founder

June 2015-Present

- Created and designed travel cases for professional film drones, formed an LLC, and hired three employees, generating \$40,000 in revenue during first fiscal year
- Negotiated contracts in person with factory management in Shanghai, China and developed supply chain strategies

LEADERSHIP

Lehigh Valley LaunchBox

Lehigh Valley, PA

Advisory Board Member

January 2018-Present

- Board member for community facing small-business incubator, with more than 30 active portfolio projects

Business Society

Lehigh Valley, PA

President

August 2013-December 2014

- Cultivated a business atmosphere for meetings, while promoting discussions on current business events and issues
- Spearheaded club attendance to Columbia University Leadership Conference in New York City

Student Government Association

Lehigh Valley, PA

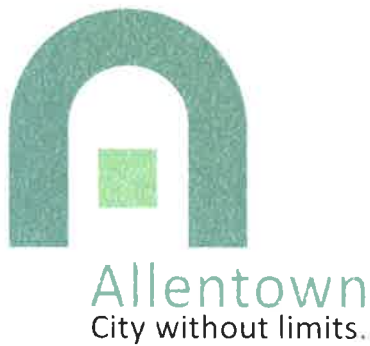

Vice-President

August 2013-November 2014

- Facilitated club meetings to proactively manage sponsored activities, programs, and student forums
- Chartered and advised student clubs and organizations on leadership skills and school guidelines

SKILLS AND INTERESTS

- Advanced in Excel, PowerPoint, Outlook, SharePoint
- Strong Public Speaking skills
- Backpacked 40 countries in Middle East, Africa, Asia, and Europe
- ROTC Leadership Training Course: Top 10% of class, Gauntlet Award recipient.
- Collegiate Ethics Bowl Debate Competition: Team Leader (2015)
- Licensed Realtor – Berkshire Hathaway HomeServices – Regency

DO YOU LIVE IN THE CITY OF ALLENTOWN? X **YES** NO

HAVE YOU EVER BEEN ARRESTED? X **YES** NO
IF SO, WHY? N/A

DO YOU HAVE A SIGNIFICANT "BUSINESS" OR "PROPERTY" INTEREST IN ALLENTOWN? PLEASE EXPLAIN.

My wife and I own a home on the Southside of Allentown at 1215 S. Bradford Street, and we operate a fledgling Property Development Company (fix and flips) called Charmed Home Solutions, LLC. We are registered with the state of PA and Incorporated in the State of NV. We do not have any significant holdings and are not currently engaged in any projects.

ARE YOU A REGISTERED VOTER: X **YES** NO

WHY ARE YOU INTERESTED IN THIS APPOINTMENT? BE SURE TO INCLUDE WHAT VALUE YOU WILL BRING TO THE BOARD?

For most of my adult life I've been employed as an engineer or an engineering technician. With so many years of experience in one field, and retirement not being an option at this stage in my life, I am considering a new career in public service. I have always been interested in politics and current events, both locally and at the national level. I believe that volunteering on boards and commissions will give me an insider view of city politics, thus preparing me for a position on the Allentown City Council and to run for Congress someday representing the new PA 7th Congressional District. In the meantime, I believe that I will be beneficial to community to volunteer my time advocating for something in which I so faithfully believe.

I believe that it is every person's duty support and defend the communities in which they live, County, State and Nation. To the board, I bring my life long experience as an Engineer and an Engineering Technologist. I bring will bring my passion for my neighborhood, my City, my District and my State. I believe that as long as one person in one District in the Commonwealth of Pennsylvania does not have clean drinking water, then that is a problem of each person in the State and in our Nation. I welcome the opportunity to work together with the City Council and the Mayor to advance environmental causes in our City. These are some of the reasons I want to serve on the EAC of Allentown. In addition, with a Degree in Environmental Engineering Technology, the technical aspects of which I do not use in my current profession, I can make a difference by using them in a voluntary capacity.

I am also wish to serve on the Redevelopment Authority of the City of Allentown (RACA). I believe that the EAC and the RACA go hand in hand. So many of redevelopment opportunities also have environmental impact components. I believe the city should work hard to reclaim blighted properties that are an environmental detriment to our communities, and redeveloping our urban areas is paramount to growing the character and strength of our City. Restoring these properties not only redevelops the City, but gives us the opportunity to develop our youth by creating work opportunities, rescue our women and children be creating safe havens from domestic abuse, and just to make an already great City the best City it can be.

DO YOU ANTICIPATE A CONFLICT OF INTEREST BY SERVING AS A MEMBER OF AN AUTHORITY, BOARD OR COMMISSION: _____ YES X _____ NO

IF YES, EXPLAIN: N/A

IF YOU ARE BEING CONSIDERED FOR REAPPOINTMENT, PLEASE INDICATE HOW MANY TERMS YOU HAVE SERVED _____ N/A **AND THE YEAR YOU WERE FIRST APPOINTED** _____ N/A.

NOTE: This information will be used for making appointments to authorities, boards and commission and in the event you are appointed/reappointed, it may be used as a news release to identify you to the community.

Anthony Hespeth

Professional Summary

Experienced manager; production supervisor and metrology laboratory administrator with extensive manufacturing background that includes metrology engineering, manufacturing technical support, quality assurance, process control, and premarket certification EMC testing. Ability to lead, motivate, plan, and control various aspects of production and production support activities.. Experienced precision measurement equipment laboratory associate (PMEL); radio frequency and microwave, analog and digital, physical and dimensional measurements.

Metrology Skill Set

Thunder Scientific	Data Loggers	QVSI Sprint CNC-250	ISO 13485:2016
Fluke 5500/5700	Micrometers/Calipers	X Class Pin Gages	ISO 10012 & ISO/IEC 17025
RTDs/Thermocouples	Weights/Scales	Pressure transmitters	ANSI/NCLS Z540.3 – 2006
Timers/Oscilloscopes	Blue Mountain RAM	Multi-meters	21 CFR 820.72

Professional Experience

2017 – Present **Celere Talent** **Spokane, WA**

Sr. Manager

Provides instrument engineering support on the project under the direction of Project Engineer. The Instrument Engineer must be knowledgeable of industry accepted practices for instrumentation and calibration programs and provides guidance around our site wide compliance systems in regards to Metrology

Accomplishments

- Aligned policies and procedures in Technical Services to meet regulatory, global, and site quality requirements.
- Developed metrology subject matter expert for new systems on the flu manufacturing project team.
- Accomplished in addressing issues in large scale biotech or pharmaceutical industries addressed by Metrology

2011 – 2017 **B. Braun Medical** **Allentown, PA**

Engineer, Metrology

Responsible for all activities of calibration technicians. Apply knowledge of measurement science, mathematics, physics and electronics to calibrate inspection, measurement and test equipment (IM&TE). Maintain the calibration system including administering, controlling, and trending of metrology specific Key Performance Indicators (KPI).

Accomplishments

- Implemented RAM Optical/OGP Smart Scope calibration and PM program; \$14K/yr cost savings
- Lead Calibrated instrument reassessment; twenty percent reduction in calibration work load
- Implemented x-class pin gage calibration program to realize \$20K/yr cost savings

2008 – 2011 **B. Braun Medical** **Allentown, PA**

Associate Engineer of Metrology

Provide Engineering support toward the design, development, installation, startup, validation, and maintenance of metrology systems, processes, and equipment. Provide engineering skills and technical support to the metrology program. Perform calibrations on inspection, measuring, and test equipment (IM&TE) using applicable procedures..

Accomplishments

- Implemented of Blue Mountain Regulatory Asset Manager and development of calibration SOPs
- Implemented Tinius Olsen in-house calibration project to realize over \$16K/yr cost savings
- Implemented Sprint Tester in-house calibration and repair program; \$20K/year cost savings

Anthony Hespeth

2006 – 2008

B. Braun Medical

Allentown, PA

Sr. QA Technician, Calibration

Perform calibrations on inspection, measuring, and test equipment (IM&TE) using applicable procedures and metrology standards. Maintained and updated calibration procedures and created measurement data templates used in calibration management system. Lead and trained calibration technicians on new procedures for calibrated instruments. Instrumental in implementing Blue Mountain Regulatory Asset Manager (CMS).

1/2006 – 8/2 006

B. Braun Medical

Allentown, PA

Quality Control Inspector

Responsible for In process inspections of plastic molded parts in the Pharmacy Business Unit using micrometers, calipers, depth gages pin gauges, and optical measuring instruments; Deltronic optical comparator and RAM Optical Sprint-100. Maintained accurate device history records; Generate nonconforming lot reports.

2002 – 2004

Laird Technologies Delaware

Water Gap, PA

EMC Technician

Pre-Market EMC testing of various commercial and industrial equipment and appliances. Radio frequency shielding effectiveness testing of MRI Suites. Provided customers with detailed reports outlining construction deficiencies and corrective actions. Facilitated off site calibration of laboratory equipment.

Accomplishments:

- Developed Fabric shielding application for use with Magnetic Resonance Imaging (MRI) Suites
- Initiated certification process for shielded coaxial cables, attenuators, and directional couplers

1999 – 2001

Agere Systems

Reading, PA

Production Supervisor

First line supervisor responsible for planning, leading, and controlling all aspects of the manufacturing process including assembly, test, and component aging in a piece part intensive microelectronic environment

Accomplishments:

- Successfully launched microelectronic transceiver product line to support Cisco router technology
- Implemented lean manufacturing and visual inventory systems; just-in-time piece part deliveries
- Lead, organized, and motivated culturally diverse manufacturing workforce in IEBW Union shop

1999 – 1999

Lucent Technologies

Reading, PA

Process Analyst

Investigated and resolved manufacturing and processing difficulties related to chemical vapor deposition Assignment encompasses equipment and procedures such as, but not limited to, diffusion, oxidation and annealing furnaces, vapor deposition systems, chemical cleaning/etching facilities and related mechanical and visual inspections.

1997 – 1999

DBA Environmental

Pottstown, PA

Field Technologist

Field determination of soil and asphalt compaction requirements using nuclear instrumentation per DOT standards. Performed field sampling and testing of soil and aggregate materials on building pad construction projects. Filed detailed reports documenting pass or fail criteria. Destructive testing of concrete cylinders and mortar cube samples using precision stress measuring instrumentation.

Anthony Hespeth

1989 – 1991

Recticon Corporation

Pottstown, PA

Electronic Maintenance Technician

Electronic and electromechanical maintenance of high speed automated wafer-processing equipment. Physical calibrations of wafer flatness, thickness and surface resistance gages. Ensured economical operation within established limits by monitoring meters, gauges, and other instruments and computerized controls.

1986 – 1989

CACI Inc-Fed.

Virginia Beach, VA

Electronic Calibration Technician

Repair, calibration, and modification of test, measurement, and diagnostic equipment (TMDE), including precision measurement equipment laboratory (PMEL) standards and automatic test equipment. Utilized TMDE to perform voltage, current, power, impedance, frequency, microwave, temperature, physical-dimensional measurements.

1984 – 1986

United States Navy.

USS Bainbridge, CGN-25

Electronic Technician – PMEL – METCAL

Assessed measurement reliability and readiness for Navy test equipment that supported operational systems. Also provide technical support to calibration laboratories and Systems Command. Developed calibration procedures for test equipment, provided technical requirements for calibration facilities, performed metrology training, and produced specifications for calibration standards.
