Mr. Craig Messinger stated that Great Western works for UGI, not the city. We tried to stay on them as much as possible. They have not done their best. We are taking over and repaving with UGI funding.

Mr. Roger MacLean stated that it was the same issue on Walnut Street and it finally got paved.

Mr. James Whitney, 924 W. Walnut Street, stated that he appreciates law enforcement. Over the weekend him and Shelby went to see The Avengers End Game. It was so awesome. We love superheros and there are superheroes in our community and our country. We appreciate our retired police officers as well, including the one on City Council.

Mr. Courtney Robinson stated that it has been extensive discussions on this. He asked Council to vote no on it. He stated the 17 months that he served on Council it has only been used twice. Once to argue against this Resolution. It is a small price to pay for greater transparency.

Mr. Roger MacLean asked if there were any other comments from Council or the public.

Mr. James Whitney, 924 W. Walnut Street, stated that this Resolution is not formed to stifle public comments on Resolutions. Mr. Guridy is in favor of opening up Courtesy of Floor for people in the public to speak on whatever they want. Mr. Guridy obvious values transparency in government. When a committee meeting falls on the same day of Council when that Bill or Resolution is up for final passage. It can effectively remove public comment from every one of those 14 days of consideration. This will be a great day for the Council to say they are not going to sacrifice transparency for efficiency. We should vote this Bill down with a clean 7 - 0 vote.

Supports Restore Pennsylvania - \$4.5 billion Infrastructure Improvement Plan

Sponsors: Mr. Robinson, Guridy and Affa

Attachments: [R40 Restore PA Resolution 2](#)
[Resolution #29809](#)

Mr. Roger MacLean asked Mr. Robinson for comment.

Mr. Courtney Robinson stated that this is simply a Resolution in support of the Governor's Restore Pennsylvania Program. Mr. Guridy was at a Press Conference in Harrisburg with Governor Wolf in support of this Program. It will invest in all of Pennsylvania. It will invest in green space, infrastructure improvements for roads, pathways such as trails and bike trails. It will create investment in broadband infrastructure as well as giving cities the resources they need to combat blighted property. It will be a boom for Allentown. He asked his colleagues to vote yes to this Resolution and asked the Mayor to add the administration as a co-sponsor to this

Resolution.

Mr. Julio Guridy stated that Mr. Robinson touch on the most important points. This is part of the Stormwater Preparedness and Disaster Recovery. It talks about stormwater infrastructure. We talked about having a stormwater management fee. This bill is a \$4.5 billion for four years. We can get grants back from the state. There were a lot of people and he was honored to be one of the speakers. He introduced the new Lieutenant Governor Fetterman. It is not a shoe in. We need this in our city and in our state. We are one of a few states that don't have an infrastructure bill like this.

Mr. Roger MacLean thanked Mr. Guridy and asked if there were any other comments from Council or the public. He hopes when the legislature talks about spending \$4.5 billion that they do give it some thought.

Ms. Sharon Billington, 1509 Chew Street, stated that she had the privilege and pleasure to represent the Allentown School District when the governor came to town a couple weeks ago regarding. This will help the city and our children and the dilapidated school. The Allentown school District is broke. We cannot repair the schools. Most of the schools have asbestos problems and lead problems and any work we do disturbs that. The Restore Pennsylvania will help with those costs and make it a little bit easier to take care of our children. This specifically can benefit all of us.

Mr. Roger MacLean asked if there were any other comments from the public.

[Bill Window Guards](#)

Ms. Cynthia Mota thanked the Mayor and the administration for working with Council on Bill 32 which requires window guards on rental units. We

were not able to find any legislation dealing with this issue in any locality in our state. We used regulations from New York as our initial model. She stated that it is her hope that this model will not prevent tragedies from occurring in the city, but serve as a model for other municipalities to borrow and use. She encourage Council to vote yes.

Mr. Roger Maclean thanked Ms. Mota asked asked if there were any other comments from Council.

Mr. Roger MacLean stated that it does say in the printed text that the tenants written request delivered to the landlord.

Ms. Candida Affa asked if this is compliance with the fire department and the Solicitor's office.

Mr. Mike Hanlon stated that they all reviewed it. Everybody reviewed it.

Ms. Cynthia Mota stated everyone did.

Mr. Courtney Robinson asked if Mr. Lightner's office can supply examples of what the window guards will look like to be attached on all information on the Bill. There will be a Hearing on June 5th.

Mr. Roger MacLean asked is it second, floor, first floor or no floor.

Mr. Mike Hanlon stated that it is no requirement.

Mr. Courtney Robinson stated that the description is says requiring landlords to install window guards in all windows if a children 10 or younger lives in the rental unit or spends considerably time in the unit. His understanding is it is at the request of the tenant.

Mr. Mike Hanlon stated that he read the title and read it at the end.

Mr. Julio Guridy stated that he wants to make sure his colleagues support this Bill and we study it well. It is needed in our city. He tried sponsoring this years ago because two girls fell fell on Seventh and Turner Streets. We had another tragedy. It is time to do something about it. Ms. Cynthia stated that this is the beginning because we don't have anything like this in the state.
