## Transfer to Public Works Engineering acct 50 for Sidewalk Liens

A number of property owners owe money for required sidewalk replacement done when the street abutting their property was rebuilt.

Placing a lien better protects the City's claim to the debt in case the property is sold prior to the debt being repaid.

The transfer will fund over 100 liens for debt that was incurred in prior years. Funds will be available if additional liens need to be filed for current year debts.

Note: This transfer is spread over two sheets owing to the number of accounts involved. Please sign each sheet.

Please feel free to call if you have any questions.

Jeff
