- **Summary and Facts of the Bill**

This Bill reflects a correction need to Ordinance 15607 passed by City Council on April 15, 2020 approving appropriations to the Stormwater Fund as a result of rolling over purchase orders from 2019 to 2020.

- **Purpose – Please include the following in your explanation:**
 - **What does the Bill do – what are the specific goals/tasks the bill seek to accomplish**
 - **What are the Benefits of doing this/Down-side of doing this**
 - **How does this Bill related to the City's Vision/Mission/Priorities**

On April 15, 2020 City Council approved Ordinance 15607 which appropriated 2019 funds to 2020 into the General Fund, Risk Fund, Liquid Fuels Fund, Equipment Fund, Trexler Fund and the Stormwater Fund. When the Stormwater Fund PO's were gathered the total amount for PO 195-100598 (\$295,170.09) was captured rather than the balance remaining of \$73,074.19. Therefore this ordinance reduces the amount to be appropriated from 2019 to 2020 by \$222,095.90 in the Stormwater Fund.

- **Financial Impact – Please include the following in your explanation:**
 - **Cost (Initial and ongoing)**
 - **Benefits (initial and ongoing)**

This ordinance will reduce the amount of 2019 funds being appropriated in 2020 for the Stormwater Fund but will not cause any operational disruption.

- **Funding Sources – Please include the following in your explanation:**
 - **If transferring funds, please make sure bill gives specific accounts; if appropriating funds from a grant list the agency awarding the grant.**

2019 Stormwater Fund

- **Priority status/Deadlines, if any**

Timing is important to prevent accidental overspending.

- **Why should Council unanimously support this bill?**

It corrects an error made earlier in the year and will allow for the correct amount of spending in this fund rather than potential overspending.
