Dear Mr. President:

It has come to the attention of the Finance Department that there was a typographical error made in the 2021 Proposed Budget, in the Stormwater Fund Summary, column 2020 A&E, expense account 02.

The typographical error has no effect on cash, nor on 2020 or 2021 expenditures in the Stormwater Fund. It only affects the printed material in the 2020 A&E within the 2021 budget book. The correct amount was expended. The error has been corrected and I have attached the revised Summary for you.

If you have any further questions, please contact the Finance Department.

Thank you,

Seth O'Neill
Director of Finance
