Mr. Kenneth Heffentrager, 214 N. St. Cloud - Allentown Tenants Association, stated that everyone needs to expand their horizons. We are the Allentown Tenants Association and have you every noticed how trashy Seventh Street is. He challenge Council to stand at Law and Liberty Streets. The 500 block of Liberty, the 400 block of Law and 500 block of Brown, and the 500 block of Broom Street and 400 block of Fair, 500 block of Pratt, and 400 N. Sixth Street is absolutely disgusting. He asked Council to look at the Allentown Tenants Association's Facebook page. They downloaded 30 pictures. The illegal dumping is property owners. The Spanish Newspaper machines are all over Allentown empty. It looks trashy.

Ms. Ericka Bickford, 139 S. Lumber Street, stated that she has been a proud resident for 26 years. She talked about people dumping their garbage and asked to switch the Disruptive Sweep Complaints to the tenants so when they get three strikes we need to give the landlords the ability to evict tenants. She stated that she is asking for a cleaner city.

Cecilia Gerlach, 956 W. Walnut Street, stated that those of Council who publicly spoke out against the appointment of the individual that the Mayor has hired or has working upstairs in the Community and Economic Development thank you. She stated that she knows what it is like going against the power that is. It is not about the individual, it is about him not having Community and Economic Development experience. I don't see him as the best fit. She asked Council to vote against the appointment of that individual for the Community and Economic Development position.

Mr. Dennis Pearson, 942 E. Tilghman - East Allentown Rittersville Neighborhood Association, stated that they sponsor annual the Project Clause Christmas Display and this year they are doing it differently. They will not be putting decorations on the pole. He stated that he doesn't think that they will have the sugar-plum shopping village.

Mr. Julian Kern, 252 E. Walnut Street, stated that back in July he submitted a letter to the editor in The Morning Call about the quality of life in the city. He talked about juvenile community service and the Recycling and Solid Waste page of the city's website.

Mr. Ray O'Connell stated that is a county program. That is run through Lehigh County Probation.

Mr. Craig Messinger stated that the city does have an agreement with them. They do work at the Martin Luther King Recycling site and the Yard Waste site.

Mr. Ray O'Connell asked anyone else for Courtesy of the Floor.

Mr. Robert Trotner, 1920 W. Whitehall Street, stated that he wanted to follow up with what Julian said. When I was a lawyer I remember the program, but that was back in the 80s and 90s. That is a program that definitely could be expanded.

City Controller's Report

<http://www.allentownpa.gov/Contracts>

Mr. Jeff Glazier stated that there is a graphic on the screen which is the updated contracts page on the city's website. It would provide a list of contracts by year. With the cooperation with IT, it is now a searchable database. You can download the PDF immediately. He hopes to do this with the audits or any other information that the Controller has control of. He talked about the Accounts Payable Weekly Check Review for the month of September. During the month we reviewed 457 checks for a total of \$4.6 million. We did 13 wires for a total of \$2 million. Findings were some wires were posted to Eden late, duplicate payments, and the check was cut, but the documentation was weak.

Mr. Julio Guridy asked Mr. Glazier about the reconciliation with the city's checks. In the past, we were pretty much behind for several months. Are you up-to-date?

Mr. Jeff Glazier stated that the Controller is at the tail end of the process. March is done and we are working on April now. April will be completed shortly, then we will be into May.

Mr. Brent Hartzell stated that April is done.

Ms. Candida Affa asked anyone else or comments from the public. She congratulated Mr. McDuffie and asked if he would like to say something.

Mr. Eugene McDuffie thanked City Council for allowing him to be here tonight. He thinks we are at a point in the City of Allentown where a lot of things are changing. He remembers a man name Nicholas Butterfield and he served for years on the Human Relations Commission. He stated that he can add to the table and add diversity. There could not be change without unity. That is the only thing that will heal the divide.

Mr. Brent Hartzell stated that Brian and Jenny will provide the technical information you need to know. This is the final step for the Bills for approving the receipt of the funds for the \$2.5 million Note that is being repaid by ratepayers of LCA to address issues related to the EPA Administrative Order. It is part of the agreement. It has been an escrow account out of a portion of the proceeds that is going to the City of Allentown for \$1.5 million to be drawn to pay AO charges.

Mr. Ray O'Connell thanked Mr. Hartzell and asked Mr. Chamberlain and Mr. McKenna if they wanted to add anything. Part of Bill 58, we will be adding Section 4 to the Bill.

R162 Denial of the application for a Certificate of Appropriateness at 726 W. Gordon Street

Attachments: [R162 Denial of the application for a Certificate of Appropriateness at 726 W. Gordon Street](#)
[HARB Denial Case](#)

Mr. Ray O'Connell stated it is to deny it.

Mr. David Kimmerly stated that on October 23rd, two days ago, HARB met to review 726 W. Gordon which was proposed for demolition. The building has structural problems that are potentially severe and it may collapse. This proposal to deny the demolition was unanimously approved.

Ms. Shannon Calluori stated that they also have representatives from the bank to talk about their plans on addressing the property and representatives from HARB.

Mr. Ray O'Connell thanked Mr. Kimmerly and Ms. Calluori and asked any comments from my colleagues.

Mr. Roger MacLean stated that you said this is danger of falling or collapsing. Are we doing anything? I see people standing by, working and looking at it.

Mr. David Kimmerly stated that the street is barricaded at the time.

Ms. Shannon Calluori stated that we have been working with the bank. The bank indicated that they will shore it up today. It will be done tomorrow.

Mr. Julio Guridy asked if it has been some kind of structural engineering review on this. He asked how long will the work take.

Ms. Shannon Calluori stated that the City has worked with Pennoni Engineering. They recommended and indicated that the property and sidewalk could be repaired as soon as possible. The building needs to be addressed as soon as possible so the street can be reopen.

Attorney John Goral, KML Law Group, which represents M&T Bank commended Shannon for her perseverance. They wanted to have a person at the property to shore up the property. The next step would have an evaluation done by an engineering. We are hoping in two weeks we will

have the evaluation done.

Attorney Matt Fiesel stated that by the end of next week, they are hoping to have the engineering report.

Mr. Julio Guridy asked if the structural engineering report hasn't been completed.

Attorney Matt Fiesel stated that the city has their structural engineer report, however, M&T doesn't have it completed yet.

Attorney John Goral stated that the city's report would not have the specifics on the cost and what needs to be done.

Mr. Roger MacLean stated that it will be shored up in the mean time.

Mr. Ray O'Connell thanked the attorneys and asked any other comments from my colleagues.

Dr. David McGuire thanked the attorney and the banking representatives with the work they are doing with the Community and Economic Development. One of the biggest problems is with residential and rental property is the failure of banks to live up to their obligations in a timely and effective manner. He asked Mr. Kimmerly and Ms. Calluori if someone was using the bank's property as a parking lot or what is the determination of that space.

Mr. David Kimmerly stated that to his knowledge the property goes all the way back to the alley and that car that is parked there doesn't belong to the bank. It is parked there illegally.

Ms. Shannon Calluori stated that the city can tag the car.

Mr. Ray O'Connell asked any other comments from my colleagues or the public.

Ms. Candida Affa thanked Ms. Calluori and stated this has been a problem for a long time and a lot of work.

Mr. Kenneth Heffentrager stated that technically the city can't ticket the car without the owner calling it in. Can we do a better job in blocking off this area?

Mr. Roger MacLean stated that they will handle it the proper way.

Ms. Shannon Calluori stated that they spoke to the bank today, when they go and shore it up, put a fence around it. They did not fully commit to that.

Mr. Ray O'Connell thanked Mr. Heffentrager and asked any other comments from the public.
