Ms. Jessica Baraket stated that this was done as Bid #2020-10. It was advertised on Public Purchase and accessed by 29 vendors. Four responses were received. A fifth response was received, but was rejected

because it was received after the bid opening date and time. All bids were reviewed to ensure that they were reviewed to a specifications and an award is being recommended to the lowest bidder. The city has not done business with this vendor before.

Mr. Daryl Hendricks thanked Ms. Baraket and asked if Ms. El-Chaar wanted to expand on that.

Ms. Karen El-Chaar stated that they were very pleased with the responses they received. As Ms. Baraket mentioned, they had four. When they had bids out, this was a rebid. They bid this out previously and had very limited response and the entities did not meet the specifications of the RFP. When they rebid, reposted, republished, reissued this bid as they were getting close to having a bid opening Covid 19 struck and they could not move forward so rather than place everything on hold or even follow through they waiting because of construction firms really were not operating so they changed the bid opening date to October 1 to allow construction companies should everything proceed with Pennsylvania going green. They are very pleased regarding the lowest bid. It did come in meeting the city's budget requirement and this skate park construction company is well known in the industry. It is world renowned. They are very please to have this entity receive this contract to move forward with construction of the skate park.

Ms. Cynthia Mota stated that this is very exciting to have a skate park. The city had numerous responses from the community. They are looking forward to having this. She stated that she cannot wait.

Mr. Julio Guridy asked when will it start and when will it be completed.

Ms. Karen El-Chaar stated that if the contract is approved they will start that discussion. They might start construction by Spring and open it by late Summer or early Fall.

Ms. CeCe Gerlach stated that she is glad to see it is finally happening. She remember attending meetings at the Alternative Arts Gallery. She doesn't skate, but it seems to be something that people like to do. It is great that the city has one and will be a great addition to what we have at Keck Park.

Mr. Daryl Hendricks stated that he may date himself, but recalls on his early days on patrol patrolling Jordan Park when it was clay courts, clay tennis courts. That was quite a while ago. Things have revolved. He asked if there were any questions or comments.
