Council Chambers

Public Comment Provisions during COVID-19: The meeting will be live streamed. The link to the meeting can be found on the city website with the agenda and legislation at <https://www.allentownpa.gov>. Council will receive comments on the legislation prior to the meeting and will consider all comments from city residents. All comments must include your name and address, including your city, and be emailed to Michael.Hanlon@AllentownPa.gov by 2 PM on the date of the meeting. Comments can also be registered using the ecomment provision on each agenda item found on the city website. Comments received from city residents by that deadline will be forwarded to the Mayor and Council members prior to the meeting and will also be noted at Courtesy of the Floor or Public Comment periods of the meeting. These timely received comments will also be posted on the City's webpage as a supporting document to the meeting. Any comments received on the meeting day, after the 2:00 pm deadline, will be forwarded to the Mayor and Council as soon as practicable. In addition, if you would like to speak during the meeting, please send your name, address, including municipality, and telephone number to the email address above indicating what issue you would like to speak on or call the office at 610.437.7555 and do the same, and you will be called during the meeting.

Mr. Ed Angelo, 609 W. Hamilton Street, stated that as everyone knows by now a substantial amount of money will flow to the City of Allentown and Lehigh County from the Covid 19 Stimulus Legislation recently signed by President Biden. These funds must be used to uplift those who have been left out of the benefits of all the development that has occurred in Allentown over the last decade or so. Councilwoman Gerlach spoke today through a Morning Call article about the intentions to bring equity to jobs, housing and education and other areas. This Council as well as all mayoral and Council candidates running for election should pay particular attention to Ms.

Gerlach's clarion call for economic justice for Allentown because the day is here when the dispossessed and the champions that are fighting for the dispossessed are joining in that call. Those in this city, this country, this state that oppose and cringe at the very idea helping the least among us are often the same person who would lavish upon the privilege and economically powerful for every possible advantage. In that way them that is got gets more. Them that is not sinks further into poverty.

Councilwoman Gerlach points out that four out of five Allentown residents need to leave the city to find work. Where the same shared jobs in Allentown are held by nonresidents. Clearly, in past building developments as large and small, there have been grossly inadequate provisions for job preferences for Allentown citizens. Beginning in 1980, a shell game was perpetrated upon Americans that "trickle down" economics would lift all boats and help the poor uplift themselves. That was a flat out lie then and a continuing lie today. And the ugly cousin of the "trickle down" lie is the lie that the "war on poverty" had failed, and, as Ronald Reagan would say, we fought the war on poverty and poverty won. These lies promoted falsehoods of revisionist history that succeeded in gas lighting Americans into believing that the 50 years before 1980 were an abject failure. In fact, that half century lifted more poor people of all colors out of poverty than any similar period of time in the entire history of mankind. Moreover, during that 50-year period, where significant efforts were made to uplift those in need, we also made the most progress in areas of equity and race progress. The COVID-19 money must be used to uplift those most in need of help. One of many examples where the money can be best used is the Co-responder program, sometimes referred to as Cahoots. It must be funded and put in service as soon as possible. Along with the Co-responder program, the COVID-19 money should be used to revitalize our mental health infrastructure, which is in shambles right now. In that connection, Ms. Gerlach chose the perfect location to make her call for equity and justice. The former Hanover State Hospital 195 acres must be the beginning of promoting affordable housing, with ownership not just rental. It must also become the location of a full service mental health treatment facility to help so many who were suffering mental illness even before the pandemic and are suffering so much more in the midst of this plague. The North Star to guide us, not only in the spending of the COVID-19 money, but also in every other area of development, is quite simple and fair: we must leave no one behind!

Mr. Julio Guridy asked if there were any comments.

Old Business

Mr. Ed Zucal stated that he knows a couple times they had discussions at the request of Tyler Fatzinger regarding the cemetery. He spoke to Mr. Boyko actually last night and he said the reason that he has not allowed him to be on there is two-fold. He has a private attorney that he is using against Mr. Fatzinger for some slanderous issues that were done by Mr. Fatzinger. This is his recollection and his words. The second part is that he does not allow, not just Mr. Fatzinger, but anyone on that property because two things: they are not a licensed contractor and they are sometimes damaging stones of family members that are there without their permission to be there. It is a private property issue. He stated as he explained it to him. He had brought it up. We were interested in getting his side of it and that is what Mr. Boyko presented to him.

Mr. Julio Guridy thanked Mr. Zucal and stated that he actually has spoken to Mr. Boyko prior to that. He stated that he is not sure if Mr. Boyko mentioned that to him. He stated when he spoke to Mr. Boyko his issues were not necessary. They did not speak about Mr. Fatzinger. They spoke about and he actually approached him to speak about have some help from the city to fix some of the roads and throughout the cemetery there are a lot of tombstones down and dilapidated. It is an issue because there are so many people from the city that served the city buried in there he felt it was important to bring it to Council to see if there is anything they can do as Councilmember or as a city.

Mr. Ed Zucal stated that he did kind of mention that. But, again, he believes Mr. Kloiber can weigh in. Because it is a private property unfortunately, we can't get involved. Even though, it would be the nicest thing to do. He does not think they legal can.

Mr. Matthew Kloiber stated that based on the information that was shared here, that is likely the case.

Mr. Julio Guridy stated that he was bringing the message which is his duty.

Mr. Julio Guridy stated that it is sponsored by everybody on Council. It is obviously an issue that we have been dealing with for the past several years. He thinks that they should pass it. He opened it up to the dais.

Mr. Joshua Siegel stated that he wants to add his name as a sponsor. His email did not go through. He definitely does not want to be the only person who supports fireworks.

Mr. Julio Guridy stated to Mr. Siegel that he was getting a little concerned about that his name was not there.

Mr. Daryl Hendricks commended his local representatives for seeing the ill-gotten gains that the state took for passing this in the first place. He stated that he personally received complaints about this and passed them on to our local legislators. He is glad that they are taking the action that is appropriate and given relief to the people who have suffered for too long on these fireworks.

Mr. Julio Guridy stated that he agrees with that and seconded that. He remembers Mr. Zucal.

Mr. Julio Guridy asked if there were any comments from the dais, the administration or the public.

Ms. Candida Affa stated that this is a great program to allow City Center. This \$7,000 is just for Allentonians, the kids in Allentown so they can become lifeguards. She thanked JB Reilly. Last year, we asked for \$5,000 and we did not use it. This year she asked for \$7,000. He is always there and said yes. She thanked JB and said this is going to be a game-changer for the kids in Allentown to be able to get summer jobs.

Mr. Julio Guridy stated well said Ms. Affa. He asked if there were any further comments from the dais.

Mr. Daryl Hendricks stated that he would add too that for some young people this is an impediment for them to apply for these jobs. The application fee. It is a great thing too. He would likewise wants to commend City Center for stepping up and doing this. It is a great help to the community.

Mr. Julio Guridy stated that it is and seconded that again. He asked if there were any further comments from the dais or the administration.

Mayor Ray O'Connell stated the he echoes Ms. Affa and Mr. Hendricks. City Center has been a real good partner with us. As Mr. Hendricks states some kids don't go forth for a lifeguard or playground staffers because they

don't have the funds to get the background checks. This is a God sent for these children.

Ms. Candida Affa stated to add to that the lifeguard training is expensive.

Mayor Ray O'Connell stated that it is very expensive. It costs hundreds of dollars for the training and to get certified.

Mr. Julio Guridy stated that he hopes that they can open the pools this year and everything will be fine.

Mr. Julio Guridy asked if there were any further comments from the administration or the public.

Mr. Julio Guridy asked if there were any comments from the dais, the administration or the public.

Ms. Cynthia Mota stated that there was a group of people outside because they heard that we were going to discuss Bill 31.

Mr. Julio Guridy stated that we are not going to discuss this as much.

Ms. Cynthia Mota stated that it was going to be introduced.

Mr. Julio Guridy stated that it is going to be referred to the Allentown and Lehigh Valley Planning Commissions. Once the Planning Commissions finish, they will bring it back and hopefully it is passed and it will make it into law or change and/or repeal the Zoning Ordinance. He stated that is something that he and Ms. Mota introduced because so many calls they had gotten for the codified laws that were on the books that were back in the 30s, 40s, and 50s. Perhaps we did not have the infrastructure that we have now and the developments that they have in technology in kitchens and restaurants throughout the city. He feels that it is an issue and got a lot of complaints that people deal with this while some people used their own restaurants were not dealing with this before. Now, this somehow came into light and now they are enforcing it in the Zoning Department.
