## **FINDINGS, RECOMMENDATIONS AND ADMINISTRATION'S RESPONSES**

### **New Issue**

#### **1. Unreconciled Difference on the Bank Reconciliation**

The Pension Payroll bank reconciliation has an unreconciled difference of **\$945.84**. It is unknown why there is a difference.

#### **Recommendation**

Administration should revisit the reconciliation and the difference should continue to be researched and if not reconciled within a reasonable time, the difference should be adjusted on the books.

#### **Administration's Response**

We are continuing to research and the hope is that this will be reconciled on May's bank reconciliation.

### **Changes to Previously Reported Issues (Last Report Date)**

#### **2. Checks Not Voided on ARP**

We identified:

- 6 (six) checks totaling **\$67,825.80** voided on the AP Cash Sub and EDEN but not on the ARP.

#### **Original Issue (Original Report Date 08/16/19)**

We identified 3 checks totaling \$32,657.55 voided on the AP Cash Sub and EDEN but not on the ARP.

#### **Recommendation**

To provide a proper bank audit trail, voids should be posted on the Bank's ARP on a timely basis.

### **Administration's Response**

We agree and will put a process in place to correct this. These have been corrected but won't appear on the ARP until February.

### **3. Checks Issued Not on ARP**

For some bank accounts, the outstanding check listings are maintained by the bank. They are referred to as the ARP.

- 1 (one) check totaling **\$2,501.98** was identified on the Payroll bank reconciliation as not posting to the bank's ARP.
- 1 (one) check totaling **\$70.00** was identified on the AP bank reconciliation as not posting to the bank's ARP.

If the errors are not communicated to the bank the ARP will not list the checks as outstanding on the ARP.

### **Recommendation**

Bank Errors should be communicated to the bank on a timely basis to insure they are corrected, and that the ARP is a valid reflection of outstanding checks.

### **Administration's Response**

There was a situation in February where a check run file on 2/24 did not upload correctly to the bank's ARP. Once we realized this error, communication was initiated with the bank to resolve.
