Mr. Daryl Hendricks asked if there were any comments, questions, or concerns from his colleagues.

Ms. Ce Ce Gerlach asked if Council going to remove the pool and discuss Credible Messenger.

Mr. Daryl Hendricks asked if there were any comments, questions, or concerns from his colleagues or the public.

Mr. Michael Hanlon stated that you still have one Bill. He cannot split the Bill at this point in time. You have a motion to approve the ARPA funding on the Bill.

Attorney Charles Smith stated that Ms. Gerlach made a motion to bifurcate the vote on the Bill. What her motion is that Council would consider Irving Pool \$1.2 million at one time and consider separately the \$100,000.

Mr. Michael Hanlon stated that it is the same Bill.

Ms. Ce Ce Gerlach stated for obvious reasons, we are all on various pages when it comes to Credible Messenger. She is fully in support and some of Council are not and want to table or collect data.

Ms. Cynthia Mota stated that she is in agreement. It makes a lot of sense.

Mr. Daryl Hendricks asked if there were any comments, questions, or concerns from his colleagues or the public.

Ms. Ce Ce Gerlach discussed and asked if Council can wait to table until people to talk. She is in favor of getting an expert that knows how to craft an RFP that could then be put out to all these organizations and get the best Credible Messenger Program. If we are going to do it, we have to do it right. It is a PILOT Program.

Mr. Daryl Hendricks asked if there were any comments, questions, or concerns from his colleagues or the public.

Mr. Dennis Fabo, 26 Livingston Avenue - Ambassador to the National Credible Messenger Movement of the Northeast, stated that they came in solidarity for the city of Allentown to show that they all been working together. Government gets uncomfortable to giving money to the community. This project is just not a program, it is a unification on marriage on system-based services and community-based services. In Hudson County, there was a 60 percent reduction in homicides, 40 percent reduction in shootings, 40 percent in juvenile criminal complaints and currently have youth in shelters in Hudson County. The judge has an instrument in the courtroom.

Ms. Candida Affa asked who financed it in Hudson County and how many cities and what are the names of the cities.

Mr. Dennis Fabo stated that Hudson County is financed by the county and Camden got money from the city and the county. Jersey City is also going to fund them. They have an RFP out right now and the state of New Jersey started the Department of Violence Prevention. It is more about the buy-in

Ms. Candida Affa stated that many of the them believe that the county should finance it.

Mr. Daryl Hendricks stated that is part of his reluctance. The city has to involve the county because it has the juvenile system and the justice system. The city can't control the courts.

Ms. Jessica Ortiz, 523 Tilghman Street, stated that she really appreciates the Credible Messengers supporting Allentown. The people decide who is credible. She has been watching the Credible Messengers for three years and she has not seen anyone discredit them. We have an RFP put out for the same organization that has already been funded. She stated that Promise Neighborhoods has received so much money. She stated the number one fact is that they are not credible.

Mr. Antonne Henshaw, 215 N. 9th Street - Credible Messenger from Camden, NJ, stated that the main purpose of the movement is to use a public health approach with a harm reduction strategy. It is about community stakeholders. How do you keep people from going back into the system? It begins in the community. The main thing is public health and has to look at it as an investment of our young people in the community.

Mr. Ed Zucal asked how closely do they work with the police.

Mr. Antonne Henshaw stated there is a degree of separation and it has to be. It is not a negative thing. What they found with the young people, they have liaison on the ground in the community with the stakeholders.

Mr. Pas Simpson, 215 N. 9th Street - Allentown Credible Messenger, stated that as you can see, they are not alone. They are not funded. They have been doing the work for years now. He stated that Council needs people like him that can go out there and speak to the problem and the solution.

Mr. Jose Rivera, 118 1/2 S. 15th Street, stated that the majority of the work he has done was in this city. When the probation department calls him, he does not ask what city the kids are from. When state parole comes to him, he does not care where these men come from. They got dropped off in our city. Nine people come to our city from state prisons a month, compared to 45 - 100 that goes on the bus.

A motion was made by Ce-Ce Gerlach, seconded by Cynthia Mota, that these two items are voted on separately and approve the Irving Pool Project funding that is part of Bill 4 and have a conversation about Credible Messenger

Yes: 7 - Candida Affa, Cynthia Mota, Daryl Hendricks, Ed Zucal, Ce-Ce Gerlach, Natalie Santos, and Santo Napoli

Ms. Candida Affa asked if Ms. Gerlach said \$50,000 out of City Council's budget and \$50,000 from the administration.

Ms. Ce Ce Gerlach stated that the only money at hand is the \$100,000.

Ms. Candida Affa stated that she finds it interesting that Ms. Ortiz talked about an organization that got hundreds of hundreds and thousands of grants.

Ms. Natalie Santos stated that Ms. Gerlach is asking instead of having one person come in, just do it as a joint.

Ms. Ce Ce Gerlach stated no. Right now the \$100,000 that would be used to have someone help us, is solely in the mayor's budget.

Ms. Candida Affa asked if it is coming out of the ARPA funding.

Mr. Daryl Hendricks stated that \$100,000.

Ms. Vicky Kistler stated that on behalf of the administration she does not believe there is no money in the mayor's budget at this point. The ARPA money is still the ARPA money that is out there.

Mr. Daryl Hendricks asked if there were any comments from the dais.

Ms. Candida Affa asked the \$100,000 of the ARPA money, \$50,000 would come from Council and \$50,000 would come the mayor's office.

Mr. Daryl Hendricks asked if it ties the city into the Credible Messenger and stated that would like it to go to a consultant for review of city and county data related to criminal activity and propose an appropriate model to deal with it.

Ms. Ce Ce Gerlach stated that she does not want to include that as part of her motion.

Ms. Jessica Ortiz stated that Promise Neighborhoods already got the money to do what exactly you have asked. She went through funding that Promise Neighborhoods received from 2017 - present to keep analyzing of what is credible. They received funding from the county, the state and the United States government.

Mr. Lance Lopsey, 779 E. Washington Street, thanked Credible Messenger from coming out here from New Jersey. He talked about spending \$1 million to redo the Zion Church, but we can't put a million into our youth. He stated that Council is failing the city.

Pastor Jim Rivera, stated that he has been here for 30 years in the city of Allentown. He remembers for years he got 60 - 70 guns off the streets and nobody ever called in a snitch. If Credible Messenger is not networked with

everything else, it is not networking. His food bank feeds 140 families a week and you don't hear anything about money. He has a gymnasium and a handball court, and pickleball. He has not heard any Credible anybody that said can we use your gym.

Mr. Pas Simpson, stated that he loves Pastor Jimmy. He stated that he has also been doing the work for 27 years now and the first time he hired a felon. He talked about the research and asked Council if they are bold enough to make a decision.

Mr. Michael Hanlon stated that the motion on the table is simply to change that Section 3, 46 Account \$100,000 to include office of City Council \$50,000 and \$50,000 from the Mayor's office.

Ms. Ce Ce Gerlach stated and a motion for Credible Messenger.

Ms. Candida Affa asked about what happened to the PILOT program overseen by Cedar Crest College and the \$100,000 would be given to the PILOT program.

Mr. Daryl Hendricks stated that there is no stipulation on that money other than putting it in the accounts. He asked his colleagues if they had any other questions.

A motion was made by Ce-Ce Gerlach, seconded by Natalie Santos, to put half or \$50,000 into the City Council's budget so that the process is a joint pursuit administered by both the mayor's office and Council's office.

Yes: 7 - Candida Affa, Cynthia Mota, Daryl Hendricks, Ed Zucal, Ce-Ce Gerlach, Natalie Santos, and Santo Napoli

Ns. Natalie Santos asked if the consultant be running the PILOT program.

Ms. Ce Ce Gerlach stated no. The consultant's job is to come in and help to figure what the RFP should look like.

Mr. Ed Zucal stated that it sums up what we have been dealing with the whole night about organizations getting money and not doing nothing. He stated that the city made mistakes in the past doing that. It has to be an outside person that gets this money.

Mr. Daryl Hendricks stated that they are going with a program that they do not know work here. They are not including the criminal justice system and the county. The city could be headed for trouble with that.

Mr. Ed Zucal stated that part of the consultant's job is to do exactly what you are saying.

Ms. Ce Ce Gerlach stated that part of their task would be to interface with the county, the juvenile justice system, Restorative Justice, and all these other entities that involved.

Mr. Santo Napoli asked how to deal with competing motions.

Mr. Michael Hanlon stated that they need to take the action. You are appropriating money into an account. He stated that he has to do something with this ordinance like adding a Section 9 that says the \$100,000 expenditure noted above is used to draft an RFP inclusive of hiring a consultant to examine and evaluate data relating to at-risk juveniles in the justice system.

Mr. Santo Napoli stated that they are learning about different opportunities to address violence in Allentown.

Mr. Daryl Hendricks asked if there were any other comments from the dais. He asked if there were any comments from the public.

Ms. Jessica Ortiz stated that he is invested in exactly what you are proposing. He is not from here. He is been doing the time and doing the numbers. Why make it complicated? Why not hire the team as a consultant to design something for our city.

Ms. Kari Holmes, 1451 W. Chew Street, thanked Council for the motions that have been presented to share responsibilities. It entire does make sense to have someone outside come in. We have seen a pattern of leadership. She talked about the challenge in the integrity of the research and the RFP, but still powerful work being done in the community.

Ms. Milagros Canales, Old Fairgrounds, talked about when the Credible Messengers first came and who was a part of process. She stated that she was here since the first table and never got funded.

Ms. Pas Simpson stated that the reason they need to bring in an outside consultant is because how many of them think they know what they are doing, none of them have written an RFP. He stated that the city cannot give to Cedar Crest College because they did not finish the last thing that you gave them. They are not prepared and not boots to the ground.

Pastor Jimmy Rivera talked about unity with organizations and people who care and invested at the table and has a stake in it. If you can get a professional and someone can do something better, come on and call someone. He stated to have people with boots on the ground dug in, experienced it and felt it, at least have them at a pre-meeting at the table

and network.

Mr. Antonne Henshaw stated that one of the things he wants to share is exactly what they are trying to do. They did. One day they were at a City Council meeting in Burlington County in New Jersey and it was about coming to be a service of. They want to make it a public health initiative using Credible Messaging as a crime reduction strategy.

Mr. Michael Hanlon stated that it is the intent of City Council to work with the Mayor/Administration to draft an RFP to hire a consultant to examine and evaluate data related to at-risk juveniles in the justice system that is not limited to and create an appropriate infrastructure, reporting requirement, PILOT program and evaluation metrics for a Credible Messenger program. He stated that you cannot create an RFP on the fly. You make a commitment to do that.

Ms. Cynthia Mota stated that she likes that. She believes that is fair.

Mr. Michael Hanlon stated that the Mayor needs to buy into it.

Ms. Ce Ce Gerlach that this is not to actually hire the Credible Messengers. This is to get someone in here to get the paperwork together, get things in order so they can then hire folks that have been here for 20, 30 or 40 years.

Ms. Cynthia Mota stated and know the community.

Mr. Daryl Hendricks asked if there were any comments from the dais or the public.

A motion was made by Ce-Ce Gerlach, seconded by Ed Zucal, to establish a committee to draft an RFP by hiring a consultant to help develop such RFP that would seek a certified Credible Messenger Program to do services in the city. The consultant will also evaluate data relating to at-risk juveniles in the justice system, determine what infrastructure is needed in order for the city to effectively execute a credible messenger program.
