FINDINGS AND RESOLUTIONS

1. Open Invoices

Invoices must be entered in MUNIS, go through the MUNIS approval queue, and finalized in MUNIS for the expense to be posted in the General Ledger. For Invoices “Paid by Check,” the payment is not made until this process is finalized in MUNIS and a check is generated. Once finalized, the expense is automatically posted to the General Ledger.

Although there is no City standard for the invoice approval queue process, the Controller’s Office uses a 3-week measure to flag any Open Invoices.

We reviewed the open invoices as of 05/06/2025 and identified:

- 1 (one) PUBLIC WORKS invoice totaling **\$31,137.36** in “REJECTED” status since 04/24/2025. Per the MUNIS notes, “Please use Address 10 to match remittance”.
- 1 (one) COMMUNITY & ECONOMIC DEVELOPMENT (CED) invoice totaling **\$9,951.60** in “REJECTED” status since 04/23/2025. Per the MUNIS notes, “Please use Address 9 to match remittance”.
- 1 (one) PARKS AND RECREATION invoice totaling **\$1,687.19** in “REJECTED” status since 04/08/2025. Per the MUNIS notes, “Please use Address 5”.
- 2 (two) REVENUE & AUDIT invoices totaling **\$676.98** in “PENDING APPROVAL” status since 04/09/2025.
- 1 (one) PUBLIC WORKS invoice totaling **\$225.00** in “REJECTED” status since 04/08/2025. Per the MUNIS notes, “A vendor number should be created for this vendor”.
- 1 (one) REVENUE & AUDIT invoice totaling **\$207.50** in “REJECTED” status since 04/01/2025. Per the MUNIS notes, “Need benefit information”.
- 1 (one) REVENUE & AUDIT invoice totaling **\$103.75** in “REJECTED” status since 04/16/2025. Per the MUNIS notes, “Please update Address”.

Resolution

- PUBLIC WORKS - PUBLIC WORKS made the change to the invoice that was required.
- CED - CED is working with Purchasing to move the invoice to the next approver.
- PARKS AND RECREATION – PARKS AND RECREATION never received a notification that the invoice was rejected. The address was fixed and the status changed.
- REVENUE & AUDIT – The workflow in MUNIS requires another employee’s approval. The employee was contacted to review and release the invoices. Administration is attempting to revise the workflow for these type of invoices.
- PUBLIC WORKS - PUBLIC WORKS is waiting on HR to get the W-9 for the invoice.
- - REVENUE & AUDIT made the appropriate changes and changed the status to pending approval.

2. Incorrect Expense Account Used

EMS charged 1 (one) invoice totaling **\$2,418.60** for thermal transfusion sets and a battery to AC 50072 – Equipment. The expense should be charged to AC 50068 – Operating Material and Supplies.

EMS charged 1 (one) invoice totaling **\$1,106.99** for Life Pack Batteries to AC 50072 – Equipment. The expense should be charged to AC 50068 – Operating Material and Supplies.

COMMUNITY & ECONOMIC DEVELOPMENT (CED) charged 1 (one) invoice totaling **\$350.00** for “ROOFING INSPECTION” to AC 50050 – Other Services & Charges. The expense should be charged to AC 50046 – Other Contract Services.

Resolution

The Bureaus were advised of the issues and submitted journal entry corrections.

3. Lack of Segregation of Duties

We identified 1 (one) GARAGE shoe voucher that was requested and approved by the same person receiving the benefit. This is an improper segregation of duties.

Resolution

The Bureau was advised of the issue, and the form was submitted to the Office Manager for approval.

4. Untimely Payment of Invoices

Although not all vendors have the same payment terms, the prevailing vendor payment terms is net 30.

Currently, the City does not have a standard for the time frame invoices must be entered in MUNIS, go through the MUNIS approval queue, and finalized for payment.

Although there is no City standard for the invoice payment process, the Controller’s Office uses a 60-day measure to flag any potential untimely invoice payments.

Untimely payments may result in:

- Missed discounts,
- Vendor imposed late fees,
- Possibility of the City’s account being placed on hold, and
- Additional workload with the vendor's Accounts Receivable and the City’s AP departments.

We identified:

- 2 (two) checks for 3 (three) HUMAN RESOURCE (HR) invoices dated 07/2024 and 01/2025,
- 1 (one) check for 1 (one) BUILDING MAINTENANCE invoice dated 12/2024,
- 2 (two) checks for 2 (two) IT invoice dated 12/2024,
- 5 (five) checks for 8 (eight) GARAGE invoices dated 12/2024, 01/2025, 02/2025, and 03/2025,
- 1 (one) check for 1 (one) LAW invoice dated 01/2025,
- 1 (one) check for 1 (one) POLICE invoice dated 02/2025, and
- 1 (one) check for 1 (one) ENGINEERING invoice dated 02/2025.

Resolution

All Bureaus were advised of the issues and the checks were released.

HR –

- 07/2024 and 01/2025 Invoices: It is unknown as to why the invoices were not previously processed through Munis at the time of receipt. The past due 2024 invoice will be paid out of the 2025 budget.
- 01/2025 Invoice: Invoice was received for the first time on 02/26/2025.

BUILDING MAINTENANCE - The invoice was missed in January and discovered in March when a vendor statement was provided. BUILDING MAINTENANCE had trouble setting up the vendor and had an issue with their W9.

IT - The invoice could not be paid in 2024 because it is for software renewal for 2025. IT needed funds from 2025 to pay. There was some questioning if they needed to make a Sole source form for this and time to get the SS form back signed. The extra training days of Munis factor in here also. With the switchover of all software to IT's 31 account, it took extra time because of all the invoices that needed to be processed and paid for at the beginning of the year. Extra time was also needed to get all the necessary backup documents submitted and approved for all of the invoices.

GARAGE –

- 12/2024 and 01/2025 Invoices: At the time GARAGE was short-handed, which contributed to slower processing times. They have been prioritizing all pending tasks to ensure invoices are processed more efficiently.
- 02/2025 Invoices: The delay in processing was due to internal staff training and organizational restructuring during that period, which temporarily impacted our processing timelines.
- 02/2025 and 03/2025 Invoices: The invoice dated February 12 was processed later than usual due to budget constraints within the existing purchase order. An extra charge exceeded the allocated amount, and rather than initiating a blanket increase, GARAGE opted to delay processing the invoice.

Regarding the remaining invoices, there was a learning curve involved in setting up the appropriate contract. Initially, GARAGE believed a blanket purchase order was required but were later advised to process it as a contract. This process involved a few revisions before all necessary information was accurately submitted, and the contract was successfully converted.

LAW - The invoice was received on April 9th after the vendor discovered it had not been previously sent.

POLICE - The invoice was received after the Munis cutoff date. Once Munis was updated, this invoice was entered for payment.

ENGINEERING - Due to the transition of Munis to Munis this invoice was delayed well beyond the time it would have been. In addition, before the transition happened, this contract had multiple issues preventing it from being re-submitted in Munis leading to even further delays with processing these invoices. Now that it has all been resolved these invoices should not be paid any later than our standard terms.

5. Documentation Not Attached in MUNIS

To provide a proper audit trail and document the expenditure, the hard copy of the invoice and all pertinent payment information is scanned and attached in MUNIS.

For the period 04/03/2025 – 05/02/2025, the following departments did not have the proper documentation attached in MUNIS:

- PLANNING - 1 (one) instance,
- FIRE - 1 (one) instance,
- GARAGE - 1 (one) instance,
- PARKS - 1 (one) instance and
- CED - 1 (one) instance.

Resolution

The Bureaus were advised of the issues, and the proper documentation was scanned.
